CHRONIC ECZEMA

CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried CUTICURA REMEDIES. The Eczema *rapidly disappeared*, and *I am well, with no trace of any cutaneous disease.* J. EMMETT REEVES, Feb. 22, 1898. Box 155, Thornburgh, Ind.

SHORT COURSE TREATMENT FOR TORTURING, DISFIGURING HUMORS, WITH LOSS OF HAIR.—Warm baths with CUTICURA SOAP, gentle anointings with CUTICURA, and mild doses of CUTICURA RESOLVENT.

Sold everywhere. POTTER DRUG & CHEM. CORP., Sole Props., Boston. "How to Cure Torturing Skin Diseases."

FIRED ON THE GUARD

Key West Excited by the Work of Spies.

Three Men Attempt to Get Inside the Lines.

In Exchange of Shots Sentry is Wounded.

Spies Made Another Effort to Get In and Were Dispersed by a Volley--Carried a Suspicious Package.

KEY WEST, Fla., May 27.—8:35 A. M.—A sergeant of artillery on duty at a mortar battery near Fort Taylor was fired upon early this morning by three unknown men, whom he says he knows to be Spaniards. The fire was promptly returned but the men escaped.

The affair, which is involved in a good deal of mystery, began yesterday afternoon when three swarthy men made an attempt to enter the gate of the reservation, but were summarily turned off by the sentry. No further attention was given to the incident until last night, when between 10 and 11 o'clock the sergeant of the artillery guard, near the mortar battery, discerned the figures of three men a few yards ahead of him.

Almost simultaneously with the discovery, they opened fire upon him with pistols. Three bullets whizzed harmlessly past the sergeant but a fourth lodged in the fleshy part of his left arm, just above the elbow.

The three men then turned and fled out of range. The sergeant sent several shots after them and then went for the guard.

A sharp lookout was kept for the strangers and, soon after midnight, a suspicious noise was heard outside the gate near which the mortar battery is located. An investigation resulted in the discovery of a carriage in the street just outside the gate. The sergeant gave orders to fire and a volley was sent at the vehicle.

A moment later, it appears, three men were seen runing up the street and the fire of the soldiers was directed upon them, but the suspects escaped apparently unharmed.

The sergeant declares that on the occasion of the last visit of the strangers one of the latter carried a suspicious looking package about three feet long. The sergeant who was the principal in the adventure with the three strangers is Charles W. Richards, battery B, first artillery.

SERGEANT RICHARD'S STORY.

10:50 A. M.—Sergeant Richards told the Associated Press correspondent the story of the affair. He said that at 10 o'clock yesterday morning three men, who looked like Spaniards, attempted to enter the gate at the reservation but were turned away. On three different occasions later in the day he saw them loitering about various entrances, and at one of these they lingered for nearly two hours.

At 9:45 last night Richards, when walking over to Fort Taylor, across the reservation, heard sounds coming from the mortar battery, close to the roadway.

Getting his rifle ready, he crept stealthily up to the pit and when close by heard a voice say:

"Jim, get the package,"

The sergeant then entered the pit and confronted a stranger, who was coming out with a three-foot package in his hands. Richards aimed his rifle at the man and ordered "hands up," but without an instant's hesitation the stranger blazed away with a revolve, which he apparently had drawn and ready.

Two shots flew past the soldiers and he dropped to his knees as a third bullet ploughed through the flesh of his left arm above the elbow.

After the three shots the mysterious assailant of the sergeant turned and fled at top speed toward the road, Richards firing one shot after the fugative and missing him. He saw the man leap into a carriage just outside the gate, in which were seated two other men, and the trio drove furiously away.

Shortly after midnight Sergeant Richards, with several artillerymen, returned to the mortar pit to see if all was right there. As they drew near a figure darted out and sped to the road. Richards recognized this figure as the man who had shot at him, and ordered Private Gates to fire. But, the suspect was again too agile and the one shot fired went wild.

"We chased him some distance," said Richards, "but he got away."

"At the road we found a long Cuban cigarette dropped by him and still burning. He was about six feet tall, had a heavy black mustache and wore a yellow coat.

"I am satisfied that all three men were Spaniards and that the package contained dynamite with which they intended to destroy the battery."

Richards, whose wound is of a trifling nature, was emphatic in his assertions and added:

"There are other details which I am not permitted to reveal."

BANCROFT CHASES. AFTER A SPANIARD.

KEY WEST, Fla., May 27.—7:15 A. M.—A Spanish steamship, thought to be an auxiliary cruiser, was sighted by the United States warships Wilmington and Bancroft, fifteen miles off Key West last night, and at last accounts she was being chased by the Bancroft.

The ship chased by the Bancroft was a three-masted steamer and apparently a merchantman of large tonnage.

She had one smokestack. No doubt was entertained of her being a Spaniard, because, when the Bancroft put after her she steamed away at full speed.

The Wilmington was coming in here for coal when, at about 5:30 last evening, when between twelve and fifteen miles off Key West, she saw the smoke of a steamer and turned about in the latter's course. About the same time the Bancroft came along and asked the Wilmington if she had seen anything of a three-masted steamer which had chased the auxiliary gunboat Eagle.

The Wilmington then notified the Bancroft of the three-masted steamer, and while doing so a stranger hove in sight.

The Bancroft went after her and the vessel headed southeast, with the Bancroft going full speed after her.

The chase was a most exciting one when the Wilmington last saw the two vessels.

It is presumed that the Spanish ship, observing the Wilmington's military top, mistook her for a battleship and thought it safe to continue scouting, trusting to her superior speed for escape, but when the Bancroft appeared, the Spaniard lost no time in trying to get away.

Captain Todd of the Wilmington, has no doubt the Bancroft will catch the Spaniard.

A custom official here, when he heard the story, said he had seen a strange ship off Key West last night, adding that she was gone in the morning. Captain Todd is confident the vessel being chased by the Bancroft is a Spanish auxiliary cruiser on scout duty. The Wilmington came in from the blockade and reports all quiet there.

Knox straw hats for men now ready. Price, $3.00 and $3.50.

A BRIGADIER'S STAR.

William J. McKee Nominated a General.

The Indiana Soldier May Go to the Front.

President Sends Another Batch to the Senate.

Forty-five Thousand Volunteers Are Now Assembled at Camp Thomas--Water is Abundant.

WASHINGTON, May 27.—Among a large list of nominations for brigadier generals sent to the senate today by the president was the name of William J. McKee, of Indiana. There was considerable friction between the Indiana military authorities and the federal military authorities a few weeks ago and it primarily grew out of the fact that General McKee had not been chosen to head the Indiana brigade.

A BIG BATCH OF NEW GENERALS.

WASHINGTON, May 27.—The president today sent these nominations to the senate:

To be brigadier generals:

Col. Robert H. Hall, Fourth United States infantry.

Col. Edwin V. Sumner, Seventh United States cavalry.

Col. Peter C. Haines, corps of engineers.

Col. George L. Gillespie, corps of engineers.

Col. Marcus P. Miller, Third United States artillery.

Col. Jacob Kline, Twenty-first United States infantry.

Lieut. Col. Osward H. Ernest, corps of engineers.

Lieut. Col. Lloyd Wheaton, Twentieth United States infantry.

Lieut. Col. Arthur MacArthur, assistant adjutant general.

Lieut. Col. Henry C. Hasbrouck, Fourth United States artillery.

Lieut. Col. John C. Gilmore, assistant adjutant general.

Lieut. Col. Wallace F. Randolph, Third United States artillery.

Major Joseph P. Sangers, inspector general.

Frederick D. Grant, of New York, One Hundred and Forty-fourth New York Volunteer infantry.

Harrison Gray Otis, of California.

Henry M. Duffield, of Michigan.

Charles King, of Wisconsin.

Lucius F. Hubbard, of Minnesota.

George A. Garrettson, of Ohio.

William M. Gordon, of Georgia.

John A. Wiley, of Pennsylvania.

William A. Bancroft, Massachusetts.

William J. McKee, of Indiana.

Francis V. Green, of New York, Seventy-first New York Volunteer infantry.

Charles Fitzsimons, of Illinois.

Joseph K. Hudson, of Kansas.

Sames Rush Lincoln, of Iowa.

VOLUNTEER RANKS RAPIDLY SWELLING.

CHATTANOOGA, Tenn., May 27.—The big volunteer army at Chickamauga now numbers nearly 45,000 men, and it continues to grow.

Today the Sixty-ninth New York, the First Arkansas, the Fifth Missouri and three troops of the Third Volenteer cavalry went into camp. Together these commands number about 3,500 men.

The Sixty-ninth New York, 1026 men, under Colonel Edward Duffy, was delayed by a slight wreck and did not arrive until a late hour last night.

Breakfast was served the men in the city and immediately thereafter they were taken to the park. This regiment attracted great attention on account of the very evident fact that it is composed entirely of Irishmen.

The First Arkansas, 1,025 men, under Col. Elias Chandler, arrived at 1 a. m. The men remained in their cars over night, leaving for the park after breakfast this morning.

Troops A, C and D, 227 men of Colonel Grigsby's cowboy regiment, arrived in the city at 6:30 o'clock last night and remained in their cars until this morning, when they got away to the park and began work on their camps.

Nearly all the men of the Fourth Ohio regiment are in an unenviable plight. Yesterday they marched to the hospital quarters in companies and were vaccinated. Today their arms are very sore and it is almost impossible for them to drill.

Drills will probably be suspended for a few days.

The Pennsylvania soldiers, about 6,000 in all, are happy today over the announcement that they will at once receive pay for the fifteen days they in camp before being mustered in to the service of the United States. This money, which amounts to about $35,000, will be paid by the state of Pennsylvania.

The pipe lines to nearly all the commands in the park were completed today and hereafter there can be no complaint about water. This is the quickest job of pipe laying ever done in the south. Numerous complaints are being made by men of various regiments of the army, but according to good authority these complaints are not well founded.

General Brooke and his assistants are giving the men every possible accommodation and those who are complaining are doubtless men who cannot make up their minds to endure the hardships attendant upon an army life.

Brigadier General A. S. Burt and staff left Chickamauga today for Tampa, Fla., where they have been assigned to duty. The departure of General Burt leaves the first brigade, first division, first corps of the army without a commander.

Col. C. B. Hunt, of the First Ohio, will be commander until the place is filled.

SPANISH SPIES IN CANADA.

Carrazza and Dubosc Said to Have Returned to Montreal.

MONTREAL, Que., May 27.—Lieutenant Carrazza, the Spanish naval attache of Polo's staff, who was reported to have returned to Madrid, is again in this city and has taken quiet quarters on St. Mark's street, where, in company with Dubosc, former secretary of the Spanish embassy, the headquarters of the Spanish espionage system has been re-established.

The two men were seen last night to leave a street car on St. Catherine's street and pass through to St. Mark's street and enter a house.

The had been lost sight of for five days and were thought to have left the city, as they had given out the report that they intended to depart, and a story was subsequently circulated that they had left the city before Polo departed Saturday. This was evidently a ruse to throw the American secret service officers off their trail.

Last night several cablegrams for Madrid and London were filed in cipher by an unknown Spaniard at the local telegraph office, and as none have been sent since Saturday it is believed that the chief spies only returned to this city yesterday.

The American detectives who followed Carrazza and Dubosc while here before had returned to the states and they were evidently blinded by the reported arrival of the Spaniard in London.

MAIL FOR SOLDIERS.

Second and Third Class Mail Will be Forwarded as First-Class.

WASHINGTON, May 27.—First Assistant Postmaster General Heath today said that hereafter second and third-class mail will be forwarded to the soldiers in the same manner as letters.

First-class mail under the general rule can be forwarded when mail as originally addressed does not reach the peason to whom it was sent.

Under this revision, however, papers and packages will be forwarded from place to place until they reach the soldier.

This change in the regulation was made for the benefit of those soldiers whose regiments changed their location.

Knox straw hats for men now ready. Price, $3.00 and $3.50.

PLANS ARE LAID UP.

Campaign is Ready for All but the Start.

The Spanish Squadron is the Question Mark.

Long is Hopeful in a Deal of Uncertainty.

Invasion of Cuba Being Delayed--Miles Has Been Ready to Go for Several Days, but Gets No Orders.

WASHINGTON, May 27.—When Secretary Long started for the cabinet meeting today, he was without information in addition to that possessed yesterday morning as to the movements of the fleets in the West Indies.

Notwithstanding the repeated statements which of course will come through in the end if persisted in, to the effect that the navy department has been in communication with Commodore Schley off Santiago, the secretary stated that he had not received any message from Commodore Schley since his brief report made several days ago from another point in Cuba. Therefore the department is in exactly the position it has occupied for the last few days so far as its knowledge of the fleet goes; it has heard through unofficial and it is hoped reliable sources that the Spanish fleet is in Santiago harbor and Schley is lying in wait outside.

The department having waited as long as dignity seemed to require for news directly from the squadrons, it is believed, has now taken steps to secure it through its own inquiries and consequently it may be expected at any moment that some of the dispatch boats or scouting vessels will bring news of the squadron to one of the cable stations, probably in Hayti, for the transmission to the navy department. There was a revival this morning of the almost daily rumor that General Miles was about to depart on his trip to Tampa, which is of course construed to mean the direct beginning of the invasion of Cuba.

As a matter of fact there is just as much foundation for this statement today as during any day in the past week. The commanding general has had a separate car ready for himself and staff lying in the Pennsylvania railway station in this city ready to start at a moment's notice for Tampa.

He, himself, has been anxious to depart for many days past, and has been restricted only because conditions were not ripe for the movement. When that moment arrives a start will be made, but whether it will be tonight or a week hence is absolutely not known at this moment even to General Miles himself.

The calling of the conference at the white house yesterday has led to the revival of the rumor of an immediate movement upon Cuba and Porto Rico. It may be stated, however, upon the best authority, that it has not yet been finally decided when to begin the Cuban invasion and, as far as Porto Ricc is concerned, whether to attempt an occupation of that island at all or not.

In other words the plans are in a tentative state subject to alterations any moment as conditions develop.

Aother rumor which was revived today with some degree of plausibility related to certain attempts on the part of representatives of European powers to secure peace through direct representations to the United States government.

Like the other rumors this meets with an absolute and unqualified denial at the state department, and, so far as known, neither in Europe through the United States representatives, nor in Washington, has our government been approached on the subject.

The frequent repetition of this story is believed by the officials to to be perhaps in the execution of a policy of inquiry, with a view to sound public sentiment in this country as to the terms of peace that probably would be acceptable.

The conditions mentioned in these stories—the retention by Spain of the Philippines and Porto Rico for the release of Cuba—represent the very minimum offer that might be expected from the Spanish side, but as most peace treaties are in the nature of compromise bargains it can not be supposed, of course, that that is the maximum price Spain expects to pay for her indulgence in a losing war.

FRESH EVIDENCE OF GERMAN NEUTRALITY.

BERLIN, May 27.—United States Ambassador White is greatly pleased at a fresh evidence yesterday of Germany's strict neutrality.

Acting upon information from the United States consul at Hamburg, to the effect that the Spanish steamer Pinzon was about to sail with contraband of war, Mr. White went to the foreign office and protested, with the result that the government officials acted promptly.

The steamer was searched and no contraband of war was found on board.

SAYS HE IS NO TENDERFOOT

William Tiffany, of Roosevelt's Rough Riders Objects to the Sobriquet.

NEW YORK, May 27.—Belmont Tiffany, who is the brother of William Tiffany, now with Roosevelt's rough riders, has received a letter from his brother in which he said that he was very tired of being roasted in the newspapers as being a New York "dude and tenderfoot," inasmuch as he has been a cowboy in the west for three years and was entirely familiar with western life.

Tiffany also said that the cowboys who composed the western element of the troop were not the best type or drawn from the most representative class. As he put it: "There are good and bad cowboys and these down here are not the best."

LOOKS TO CONQUEST.

Morgan's Amendment to the Revenue Bill.

To Confer Power on the President for the Government of Islands Taken in War.

WASHINGTON, May 27.—Soon after the senate convened at 11 o'clock this morning Mr. Carter reported from the military affairs committee a bill providing for a second assistant secretary of war, to be named by the president, and to receive a salary of $4,000.

When the bill was placed on its passage Mr. Bate, of Tennessee, suggested the absence of a quorum, not more than eight or ten senators being in the chamber.

After a delay of fifteen minutes a quorum was secured and the bill was passed.

Mr. Morgan then offered this amendment to the war revenue measure:

"When any of the islands of the Atlantic or Pacific oceans are owned by the United States, or when they are occupied by the civil or military forces of the United States, as a result of war with Spain, or as a necessary means of conducting such war, to be determined by the president as the commander-in-chief of the army and navy of the United States, it shall be lawful and within his discretion for the president to appoint a civil or military governor of such island or any group of such islands, with full authority under such rules and regulations as the president shall prescribe, not inconsistent with the laws of civilized warfare, to maintain good order and to protect the lives and property and the domestic peace of the people thereof.

"And there shall be extended over such islands and enforced therein such parts and provisions of the tax laws of the United States of such islands, whether relating to customs duties or to internal taxation, as shall in the judgment and discretion of the president, be justly applicable to such islands during the existence of the war with Spain.

"The currency of the United States, whether of gold, silver or paper money, shall be a lawful tender in said islands so owned or occupied in the same manner and to the same extent that they are a lawful tender in the United States, in the payment of all debts, public or private.

"And the provisions of this act that relate to such island, together with such regulations as shall be made by order of the president for executing the same, shall remain in force until the same are altered, amended or repealed by act of congress."

Consideration of the war revenue measure was resumed, Mr. Teller taking the floor to continue his speech begun yesterday.

ANNEXATION AND REVENUES.

Senator Lodge has offered the Newlands resolution for the annexation of Hawaii as an amendment to the war revenue bill. The senatorial friends of annexation declare that henceforth the two measures must travel together.

IN THE HOUSE.

WASHINGTON, May 27.—Upon motion of Mr. Dingley the house agreed to adjourn today to Tuesday, Monday being Decoration day.

The senate resolution authorizing the secretary of the navy to present a sword of honor to Commodore George Dewey, and cause to be struck bronze medals, commemorating the battle of Manila bay, and to distribute them to the officers and men of the Asiatic squadron, was agreed unanimously without debate.

WHERE'S THE FLEET?

Report That Cervera Has Left Santiago.

Escaped the Bottle Before the Cork Was in.

A Story From Madrid Says the Fleet is There.

Cabinet Has No Official Information but is Convinced that Schley Has the Fleet Cornered.

NEW YORK, May 27.—An afternoon paper prints a dispatch from its Key West correspondent, alleging as on the best of authority, that Cervera's fleet left Santiago de Cuba on Saturday last. The statement lacks confirmation.

CERVERA AT SANTIAGO SAYS A MADRID REPORT.

MADRID, May 27.—8 A. M.—The Imparcial reiterates today that Admiral Cervera is at Santiago de Cuba, which port, it says, possesses advantages over Cienfuegos.

CABINET IS CERTAIN CERVERA IS BOTTLED.

WASHINGTON, May 27.—At the close of the cabinet meeting today it was authoritatively stated that although the government had no official information on the subject, there was no reasonable doubt that Admiral Cervera's fleet was in Santiago harbor and that Commodore Schley was on guard at the entrance.

Although, the information upon which this belief is based is regarded as entirely trustworthy, the government will take no important move or change its plans in the absence of direct confirmation from official sources.

It was also stated that any contemplated movement against Cuba or Porto Rico would be held in abeyance until the Spanish fleet either was destroyed or otherwise rendered helpless to seriously interfere with our plans in any direction.

The cabinet discussed the situation at length, but nothing of great consequence was decided upon. The work of equipping and mobilizing the volunteer army will be pushed with all possible vigor with a view to being in perfect readiness for any call that might be made when the Spanish fleet shall no longer be a serious factor in the war problem.

MADRID STORIES ARE GROUNDLESS.

LONDON, May 27.—The stories circulated at Madrid and elsewhere regarding the Baltimore, are evidently groundless. The dispatch received at the Spanish capital from Manila apparently referred to the alleged disablement of the Baltimore during the battle of Manila, when a Spanish shell struck her and exploded some ammunition, slightly injuring eight men on board.

SCHLEY'S DISPATCH FROM CIENFUEGOS.

(Copyrighted, 1898, by the Associated Press.

OFF THE NORTHERN COAST OF CUBA, May 27.—2 A. M.—(Via KEY WEST, Fla.)—At 10 o'clock last night the Dolphin ran alongside the flagship New York. Her lights showed that she bore dispatches for Rear Admiral Sampson. The commander of the Dolphin shouted through the megaphone:

"I have dispatches from Commodore Schley to the commander-in-chief."

A cheer went up from the crowded decks of the New York.

Commodore Schley's dispatches were dated off Cienfuegos.

"Absolutely nothing definite can be said," was the reply which Captain Chadwick, of the New York, made to a question as to what had transpired.

Since he heard of Admiral Cervera's arrival at Curacoa, Rear Admiral Sampson has repeatedly said he believed the Spaniards would go to Cienfuegos or Santiago de Cuba.

To prove that the American admiral was almost sure the Spaniards would be caught, the following may be divulged without a breach of confidence:

When the ships of Commodore Schley's division were sailing out of Key West under Rear Admiral Sampson's orders, the admiral set this signal to Captain Philip, of the Texas: "You are going to nab the Spaniards and good luck to you."

Since then the rear admiral has been cruising around as a purely precautionary measure. He thoroughly believed Commodore Schley would bottle up the Spaniards either in Cienfuegos or at Santiago de Cuba, but he took all measures to guard against a possible evasion of Commodore Schley by the enemy and any attempt to make Havana through the eastern or western passage, though there is little doubt that the commodore, had he met the Spanish ships, could have defeated them.

There is good reason to believe, from a strategic point of view, that more can be gained by the Spaniards being bottled up in Santiago de Cuba, than in an engagement which, though it would result in victory for the Americans, might have resulted in some damage to our ships. In the harbor of Santiago de Cuba, the Spanish fleet will be helpless. The channel leading into the harbor is narrow and the enemy can either be kept a prisoner there by sinking a few hulks in the channel, or he can be destroyed by a superior force.

WROTE THE REGENT.

Philadelphia Peace Society Deprecates the War.

The Letter Intercepted by the Government and Returned--Sympathy Expressed for Spain.

PHILADELPHIA, Pa., May 27.—There is an outburst of popular indignation here caused by the discovery that the Universal Peace union, which is permitted by the city to occupy rooms in Independence hall free, has forwarded to the queen of Spain a letter denouncing the war and expressing sympathy with the enemies of the United States with whom we are now at war. The letter, which is signed by Alfred H. Love, president, is dated Independence hall, Philadelphia, and is addressed to the queen regent of Spain and Mr. Sagasta, premier, Madrid, Spain.

It says:

"It is in our hearts to say, as the Universal Peace union, representing many thousands of friends of peace in all parts of the world and from the United States, that we have appreciated your many concessions in this Cuban trouble in behalf of peace, and we want you to hear from the people, the real representatives of the American heart, that we believe all that is desired could be obtained by peaceful means.

"Oh, how you would elevate your nation! What a contribution to this age of intelligence if you could send a message to America! Our hearts are full of sympathy for you in your no doubt embarrassed position, but the right will sustain you. Our country would receive you if your people rebel in your efforts to avail of any opening to still avert war and meet the demands of humanity, freedom and peace."

When this extraordinary and unpatriotic utterance was placed in the mails it was sent back from Washington to President Love, the postal authorities refusing to transmit it. A messenger was sent to the assistant secretary of state, Mr. Day, who also refused to permit the forwarding of this un-American message from Independence hall. President Love, however, exultantly informed a reporter that he had outwitted the government and forwarded it in a roundabout way.

It was in the room of this society Wednesday that a Spanish flag was discovered hanging proudly in the center of the room. Notwithstanding the violent protests and denunciations of a person who was in charge of the place the flag was taken down, after a newspaper reporter had called the attention of the authorities to it.

CUBA LIBRE has somehow the appearance of being lost in the shuffle.

OF ALL the Spanish spies that have been distracting this country but one has suffered and he committed suicide in jail. Evidently he could not stand the aspersion.

SPAIN hurried her fleet over here to prevent a revolution at home and now finds that when the fleet gets the licking it's bound to get there will be a revolution anyway. Spain would have done better to let the revolution revolute in the first place.

THE battle cry was first "On to Havana," but it gave place to "On to Manila," and now it looks much as though it would be "On to Porto Rico," before we get back to the original intention. The best laid plans of war strategists gang aft agley or thereabouts.

THE nomination of Dr. C. B. Stemen, of this city, for congress by the republicans of the Twelfth district, bestowed the honor where it is well deserved. Dr. Stemen has been a faithful and hardworking republican, and is a cultured Christian gentleman. While Dr Stemen is not likely to find any more honors in the race than may be had out of the mere running, the fact that he is an experienced and forcible stump orator will inject into the congressional campaign in this district an interest it has lacked for several years. Congressman Robinson and Dr. Stemen will be able to "put up" a very interesting campaign.

Britain Has an Eye on the Philippines.

(Pall Mall Gazette.)

The Spanish rule in the Philippines is a very frail thing, and it would not take much to bring it to ruin. Although the Spaniards have held the archipelago since the end of the sixteenth century, when it was taken over with the rest of the Portuguese dominions, they have never possessed more than the mere fringe —the coasts of the great islands and a few posts among the smaller. Till the other day the commercial interests of Spain were almost nil. Then she began to impose protective duties in order to draw all the trade into her own hands, but the bulk of it still belongs to England and Germany. The native population, largely of Malay blood, is independent. Around the Spanish settlements and on the vast estates belonging to various religious orders there is a half-bred population of Spanish and Malay and of Chinese and Malay of the branch of the race called Tagalo. The last made the rebellion, and they have apparently been encouraged by the outbreak of the war with the United States to begin again.

Now we have only to look at this position to see that if the power of Spain is destroyed another apple of discord will be rolled on the table in the far east. To suppose that the Tagalos—a timid, unwarlike race who are hated and despised by other tribes, and who are divided in sympathies between the Spanish and Chinese among themselves—could establish a stable government in the Philippines, is an absurdity. The expulsion of the Spaniards would throw the archipelago open to the enterprise of all the powers who are now busy with spheres of influence, and spheres of interest, in China. The Americans assert that they do not intend to occupy the islands, and they may well be believed. Any such enterprise on their part is highly improbable. But if they destroy what government there is, they will make it necessary for somebody else to supply the loss.

It is in the last degree unlikely that candidates ready to undertake the task will be wanting. We, to begin with, have a very real interest in the fate of the islands. We handle 70 per cent. of the import and 80 per cent. of the export trade. Then come the Germans, who have nearly the whole of what does not belong to us. The commercial interests of other nations are trifling but it does not therefore follow that none of them will be found to look with the eyes of desire on the Philippines. There is Japan, with its ambition to found a great island empire, which would be perfectly ready to step into the vacant place; and no doubt others could be induced to try the same adventure. In short, here is another element of discord thrown into the far eastern scramble, if the rule of Spain does indeed collapse. We say nothing of the chance that the sight of her weakness may tempt some one to strike in before the actual collapse is come.

It is, in fact, most probable that it will be through the Philippines that the rest of the world will be dragged into the Spanish and American conflict. Every commercial motive which compels us to be on the alert in China is at hand to force us to keep watch on the Philippines. Anarchy in that region would give the mailed fist of Germany an admirable excuse for descending on a desirable possession in eastern seas. It is not so many years since that she quarreled with Spain over the Sooloo islands, which are close to the Philippines. As for the Japanese, they are at Formosa already and have but a step to make the Philippines—with what likelihood of German good will we all know. Take it altogether, there is good reason to watch the Philippines.

STIFF EXAMINATIONS.

Commissioned Officers in Immune Regiments Must Be Well Fitted.

WASHINGTON, May 26.—The war department has issued a series of general rules for the examination of applicants for commissions in the United States volunteer immune regiments. Applicants will be examined with reference to their mental, moral any physical fitness to hold a commission and perform the duties of a commissioned officer in an infantry regiment. In determining fitness the board of examiners will give due light to the following:

The nature and extent of applicant's military education; the time, if any, the applicant has lived in tropical climates, and the general nature of his experience in such climates; the facility with which applicants can speak foreign languages, if at all, particularly Spanish.

The examining board will also give due weight to the followinging: The military experience of the applicant if any; the ability of the applicant to take proper care of himself and of men committed to his charge under all conditions, so far as the same can be judged by the experience and record of the applicant; the ability of the applicant to command men, so far as can be judged by his experience and record.

The examinations are not to be competitive but the board of examiners is to pass upon the qualifications of each applicant and recommend to the adjutant general of the army the rank which may properly be conferred upon such applicant.

POLICE NEWS.

Officer Romy Makes Another Long Chase for a Prisoner.

Yesterday a young man who gave the name of F. Smith (fictitious) assaulted Wah Kee, the Chinaman who conducts a laundry at No. 224 Calhoun street. The police were notified of the assault and Officer Romy went after the young man, who attempted to run away. He did run, too, and the officer chased him to the extreme east end limits of the city and finally arrested him in the rear of the Bash packing house. The young man had money and this morning paid a fine of $1 and costs.

Sergeant Harkenrider and Officers Strodel and White last evening raided the rooms over No. 46 East Columbia street and arrested Chas. Thompson, Jennie Robb, Katie White and Charles Harrison. The quartet paid fines.

Proclamation.

To the Citizens of Fort Wayne:

I would respectfully ask the citizens in general as well as the business men in particular to observe Memorial day by taking part in the general memorial services, and to close their respective places on Monday next, from 1 to 5 p. m.

27t2 HENRY P. SCHERER, Mayor.

PLENTY OF RUNS.

The Grand Rapids Team Got the Most of Them.

The Michiganders Won the First Game by Better Batting and Some Poor Fielding by Hickey—Notes.

Grand Rapids came to Fort Wayne and played its first game of the season at Lakeside park in the afternoon. The team has a reputation for hard hitting and they demonstrated that such reputation was deserved by batting Mr. Reiman's curves when hits meant runs. Durrett made a three-bagger and Cote a home run, these two hits alone accounting for seven of the dozen runs chalked up to the credit of the visitors. Spencer arrived in the city, but did not play, and Hickey, who was again at short, made a lamentable failure in his effort to play the position. But the Fort Wayne's only chance to win was by the ragged fielding of the visitors, who settled down and batted out the game after it appeared that the Hoosiers had a cinch. Here is the score:

FORT WAYNE.

Detroit, 5; Omaha, 1.
Milwaukee, 7; Kansas City, 3.

SHAMROCKS, 27; HUNTINGTON, 2.

At Huntington yesterday afternoon the Fort Wayne Shamrocks defeated the Lime City boys in a walk, hitting Ford's benders all over the lot. Collars and Cliff Smith led the stick work for the Shamrocks, Collars laying the ball out for six hits, and getting a base on balls out of seven times up, and Smith located Ford's curves for five hits, two of them being two-baggers. Gaffney and Wayne landed the pig-skin in safe territory four times each. Wayne was in the box and was a puzzle Huntington could not solve, striking out fifteen men. Huntington's two runs were scored in the last inning. Fitzpatrick and Smuck played fast ball for the Shamrocks. Ford and Frary were in the points for the Huntingtons, Wayne and Braiden officiating for the Shamrocks.

The Shamrocks are playing Rochester this afternoon, Robbins doing the pitching. On Decoration day at Payne, Ohio, Robbins and Eising will be in the points.

ROBISON PARK LEAGUE RULES.

The National league rules shall govern the games played by the teams of the Robison Park league.

The Spaulding ball shall be used in all games played by the Robison Park league.

The managers of the several teams must send the names of all players signed for the season to the president on or before June 11, 1898.

No player of the Robison Park league can legally play with another team of the said league until notice of his release shall have been sent to the president.

No player who has been released by the club with which he originally signed after having played with another team of the league, can be legally resigned by the club which introduced him to the league. Any game in which he plays illegally will be forfeited to the opposing club.

No changes can be made in the personnel of Robison park teams after August 6, 1898, without the consent of the board of arbitration.

Permission to sign new players after June 11, 1898, must be obtained from the board of arbitration.

Professional players cannot be legally signed by Robison park teams. Decision as to whether players will be recognized as professional players or not will be made by the board of arbitration.

Teams setting dates for out of town engagements which interfere with the regular scheduled games will forfeit scheduled games unless notice is officially given the president the first Friday before such scheduled games.

NOTES.

Manager Strobel has released Pitcher Slagle.

The Keystones have signed Thomas Quinn, the pitcher, late of the Shamrocks.

Mrs. Warner, the wife of Umpire Warner, knows the game from start to finish and scores every game her husband umpires.

Manager Torreyson has released Schrall and Nordyke and signed Grant, second baseman, who played with South Bend last season.

The West Side Juniors defeated the East Berry streets yesterday afternoon by a score of 2 to 0. The feature of the game was the batting of F. Conover.

Youngstown Telegram: "'Goat' Fitch, who has been playing shortstop for Fort Wayne, was released yesterday. Looks very much as if Frank was playing too fast a game for the Farmers. His work has been brilliant and his release comes as a surprise to those who have been watching him.

Toledo Commercial: "Manager Strobel came in from Fort Wayne last night. Charley is not generally a kicker, but he says the game yesterday was stolen from his team, as the score should have been 1 to 0 in favor of Toledo. He says Fort Wayne got the runs that won the game by two men leaving bases before Smith caught a ball in the outfield. The umpire allowed the proceeding. O'Meara was on third base and Jerry McDonough had the ball. O'Meara asked to be allowed to examine the ball, and, being the captain of the team, Jerry complied with the request. O'Meara covertly threw the ball out into the field and walked home. Manager Strobel has sent President Power word that he will protest the game for two reasons; that the men ran off bases before the put-out was made in the field and the action of O'Meara in throwing the ball into the field." Hear 'em holler.

MRS. DAY RECOVERS.

Wife of the Secretary of State Restored to Health.

CLEVELAND, Ohio, May 27.—Mrs. William R. Day, wife of the secretary of state, who has for some time past, been under treatment at the Cleveland General hospital, is rapidly recovering and will soon be fully restored to health. Mrs. Day expects to leave the hospital within a few days, and after a brief visit at Canton will probably go to Washington.

LIFE IN THE CAMP.

How the Fort Wayne Boys Fare at Camp Thomas.

Are Getting Plenty to Eat, Plenty of Drill, but Find the Discipline Rigorous—A Letter from Camp.

HEADQUARTERS TWENTY-EIGHTH BATTALION, IND. VOL.
CAMP THOMAS,
CHICKAMAUGA PARK,
LYTLE P. O., GA.
May 22, 1898.

Since the military companies of Fort Wayne became regular soldiers for Uncle Sam they have seen a little different camp life than when they were members of the Indiana national guard. They were at Camp Mount only a couple of days under the United States service. The Fort Wayne boys were all included in the orders to move to Chickamauga Park and the old Zollinger battery and the old Indianapolis light artillery, now respective the fifty-eight and fifty-seven light batteries, Indiana Volunteer, were loaded on the same train. The trip from Indianapolis to Chattanooga was a grand treat to the young soldiers. The train left Indianapolis Sunday night about 9 o'clock and arrived at Chattanooga at 3:30 Monday afternoon. The boys were up all awake at daybreak while the train was running through Kentucky and they watched the scenery eagerly as the train continued on its way south.

The artillerymen were obliged to lay over in the railroad yards at Chattanooga all of Tuesday night, but were started out again at daylight towards Chickamauga park. They were all unloaded four miles from the park, and eating breakfast were marched the rest of the way up to the park. This march up the mountain to the camp quarters was one of pleasure for the boys. They were allowed frequent rests in the shady woods along the side of the road, and satisfied their appetite and appeased their thirst from the numerous sutler wagons along the road. Buttermilk was cheap, so was sweet milk, and the soldiers all drank hearty. This march of about four miles was completed after nearly three hours of slow moving, and arriving at the camp quarters the men immediately set about preparing their own mess.

Before the march was commenced each soldier was supplied with bread, corn beef and beans, and on the road many purchases of eggs, butter, onions, cakes and pies were made. Mess time found the boys spread out on the ground or leaning up against a convenient tree, with their dinners spread out before them. After mess they roamed around in the woods and passed the time as best they could until about 6 o'clock, when the mule wagons arrived with the tents, and then the work of putting up the tents commenced. Since that hour the men have been kept busy most of the time.

The camp is rapidly assuming more of a military discipline, the bugle calls are more frequent, the drills are longer and harder, and bedtime and "getting up" time are earlier.

The morning drill is from 9 to 10:30 o'clock, and at this time the whole company is taken out and drilled in running up and down the hills, across roads, jumping across creeks, and this all done in the hot sun.

The weather down here so far has been quite tolerable, although a great deal hotter than at home. The men are all keeping surprisingly well, only two in the company complaining today and neither are obliged to be in the hospital. The water and food is the best that could be expected and plenty of it. So far the military life has been one of vacation for the Fort Wayne boys rather than active service.

What spare time the men have had they have devoted to making flower beds in the street in front of their tents. Some very pretty designs are represented. One section has the cross cannons represented; another section has a heart-shaped design, and another section is a very pretty design with the name of the company and number of section worked out with fine pieces of stone.

Troops are still marching into camp and matters are rapidly assuming a war-like aspect.

The Fort Wayne battery boys expect to be equipped within a few days.

NOTES.

Private Ormonde C. Davies has been appointed company mail carrier. He has had to walk two miles to the postoffice and back twice a day and has entered a kick for a government mule.

Sergt. George Durfee says he wants to break in a mule for Sergt. Fred Jenne. He guarantees a sure break (of Jenne's neck.)

Christ Weller has an appetite like a bear. He and Ed Buck have been pushing an Irish buggy for a few days, cleaning up company quarters.

Frank Bradshaw, cook for the officers, is establishing quite a "rep." as a boxer, and Corporal Charles Mungen can wrestle any man of his weight in the company.

A Fort Wayne newspaper in camp is now cause for a commotion. Sergt. John Jones suggests that the Fort Wayne papers put our company on the mailing list.

Friends of the battery boys are requested to cut out the address of the company and address all letters carefully.

HEAVY-WEIGHT CYCLIST.

Big Joe Grimes Coming Here Tomorrow.

"Big Joe" Grimes, of Cleveland, traveling salesman for the Cleveland Bicycle company, will tomorrow be the guest of Louis Mohr and will be at the store of that gentleman, on West Wayne street, a greater portion of the day. Mr. Grimes weighs 555 pounds and is undoubtedly the largest cyclist in this country, his only competitor for that distinction being "Baby" Bliss, who weighs 520 pounds. Of course, Mr. Grimes rides a Cleveland and wherever he goes he takes his wheel with him and gives an exhibition of his skill. Tomorrow he will make a tour of our paved streets.

BOARD OF WORKS.

The Members Discuss the Proposed Street Improvements.

Holman Street Petition Laid Aside Indefinitely—Many Bids Opened and Contracts Let.

The board of public works, at its regular meeting last evening, discussed the petitions for asphalt on Cass, High and Holman streets. A petition signed by more than thirty property owners on High street asked for asphalt. Some of these names were on the petition for brick, but are favorable to the better pavement. After considering the petitions they were laid over until the next meeting when the board will probably adopt resolutions for asphalt on Cass and High. The Holman street improvement has been indefinitely postponed. A petition is in for a pavement from Calhoun to Clinton, but some property holders want the pavement to extend to Lafayette, while others oppose the extension. The board will probably not act in the matter until a majority petition for at least more than one square.

The board received the following bids for lumber for new flooring on the West Main and East Columbia street bridges: Fuhrman & Co., 13 cents per foot; Fred Bandt, $6.50 per thousand feet; Charles Franke, $43 for lumber for Main street bridge and $61 for the Columbia street bridge; Owen Thompson, $90 for both bridges; William Lindeman & Son, $45 for Main and $62 for Columbia; Henry Trier, $180 for both bridges. The proposals were taken under consideration.

Bids on other improvements were received as follows:

For grading Andrews street, from Fourth to Huffman—George Wilhelm, 51 cents per foot; John Draker, 55 cents; Julius Remus, 60 cents; C. E. Moellering & Co., 64 cents. The contract was awarded to Wilhelm.

For constructing a sewer on Barthold, Fourth and Andrews streets—John Draker, 65 cents; W. H. Oetting, 77 cents; Moellering & Co., 84 cents; Anton Rieg, 98 cents; J. Derbeimer, jr., $1.03. The contract was awarded to Draker.

For placing six street washers in Reservoir park—Emmett Martin, $75; F. Zimmerly, $54; Henry Franke, $48; Hattersley & Sons, $40.17; McDonald & Yobst, $60; Martin Noll, $68.10. The contract was awarded to Hattersley & Sons.

A petition for a sewer in the alley between Third and Fourth streets, from Barthold to the west line of lot 16, Clark's addition, was received and plans were ordered.

A petition asking that High street, from Wells to St. Mary's avenue, be paved with asphalt, was received and placed on file. Charles Pape, who had petitioned for brick, appeared, and stated that he would prefer asphalt. The matter will be acted upon later.

A communication from the council, embodying resolutions instructing the board to compel the Nickel Plate railroad to pave the space between the tracks on Clinton street with brick, and ordering the street railway company to repair the Superior street pavement, or that part of it lying between the tracks, was received and filed.

C. D. Law, superintendent of the Pennsylvania, asked the board to allow the paving contractor for Calhoun street to pave the approach to to the south depot, and assess the cost against the company. The request was filed.

A communication from City Attorney Shambaugh, approving the contracts with the Alcatraz Construction company, and the bonds submitted by that company, was received and spread on record. Mr. Shambaugh stated that the contracts and bonds were properly drawn up and covered all necessary points fully.

The assessment roll in the matter of widening Creighton avenue at its intersection with Hoagland avenue, was brought up, but approval was deferred pending the settlement of some disputed points.

A petition asking that bicyclists be allowed to ride at speed faster than four miles per hour on the driveway at Swinney park, was received, but no action was taken.

You Have Money Enough.

Don't think you must go without that suit of clothes you've been promising yourself so long. Bring a little money here and see it do the work of twice the amount.

FRIENDS,

Calhoun and Berry Streets.

SWIFT'S SPECIFIC

is far ahead of any blood remedy on the market, for it does so much more. Besides removing impurities, and toning up the run-down system, it cures any blood disease, it matters not how deep-seated or obstinate, which other so-called blood remedies fail to reach. It is a real blood remedy for real blood diseases.

Mr. Asa Smith, of Greencastle, Ind., writes: "I had such a bad case of Sciatic Rheumatism that I became absolutely helpless—unable to take my food or handle myself in any way. I took many patent medicines, but they did not reach my trouble. One dozen bottles of S. S. S. cured me sound and well, and I now weigh 170."

SHOP AND RAIL.

The B. of L. E. Changes Insurance Laws.

Big Pole Raising at the East Shops Monday —Funeral of Shopman John Slater.

The insurance association of the Brotherhood of Locomotive Engineers has adopted the committee report changing the rules of the association to conform with the Ohio laws, under which the association is registered. The question of establishing an indigent fund was deferred until the next biennial meeting.

A LITTLE GIRL KILLED.

Payne, Ohio, was the scene of a terrible accident last evening, when Mamie Evans, the ten-year-old daughter of residents of that town, was instantly killed by the engine which was hauling Nickel Plate train No. 4. As the child was crossing the tracks, she became coascitous of the nearness of the train, which she had failed to notice before, and was immediately paralyzed with fright. Engineer Thomas Peters, who was at the throttle, saw the child's danger and in the few seconds that intervened he blew the whistle repeatedly, but the little one was evidently unable to move. She was killed instantly and terribly mangled. The trainmen carried the bleeding form into the home of the grief stricken parents.

TRAINMEN HURT.

Nickel Plate train 39, second section, broke in two at McComb, Ohio, yesterday and the parts crashed together with terrific force. Conductor D. B. Denbow, who was in the caboose, was trown down, receiving several cuts on his face, and Brakeman William Mollman was thrown from the top of a car and severely injured. There was a long, deep cut on the side of his head and another on his face and he was bruised about the body. He was compelled to relinquish his run and return to Bellevue on passenger train No. 6. Mr. Denbow was not so seriously injured and he was able to bring his train in.

WRECK AT HOBART.

No. 5, the Nickel Plate westbound flyer, struck a cow near Hobart at 7:30 o'clock last evening. The animal got under the wheels, threw the engine from the rails and the huge machine turned over on its side in the ditch. Engineer Dennis McCarthy and Fireman Orin Shoaff jumped when they saw that the engine was going into the ditch. Mr. McCarthy escaped injury and his fireman was only slightly hurt. one of his wrists being cut and sprained. The tracks were completely blocked and it was 2 o'clock this morning before the blockade was lifted. The wreck crew from Stony Island was called to the scene.

ROBBED A FREIGHT HOUSE.

Yesterday Lieut. W. M. Somers went down to Van Wert to investigate a robbery said to have been committed at the Pennsylvania company's freight house in that city. Two butts of tobacco, weighing eighty-four pounds, had been taken and the evidence indicated that the theft was the work of novices. Lieutenant Somers soon got on the track of the guilty parties and in a few hours had seven boys arrested. They ranged in years from twelve to eighteen and confessed to the theft when they found that the evidence was against them. One of the lads was tried yesterday and bound over to court and the preliminary trials of the others are in progress today. A good portion of the tobacco was recovered.

SHOPMEN'S FLAG RAISING.

The employes of the east car shop have completed arrangements for their patriotic demonstration Monday morning. The flag staff will be erected on the south gable of the car shop and it will be seventy-five feet above the ground. The flag is one of the prettiest in the city, being constructed of the best bunting material and 10x15 feet in size. Col. R. S. Robertson has consented to make the address, while W. H. Woodruff, chief clerk at the shop, has been chosen chief of ceremonies. The Adams township band will furnish the intrumental music and the Miller Brothers quartet will sing several patriotic songs. The exercises will commence promptly at 9 o'clock.

FUNERAL OF JOHN SLATER.

The funeral ceremonies over the remains of the late John Slater will be conducted by Rev. L. L. Henson at the late home of the deceased, 196 Fairfield avenue, at 12:30 o'clock Sunday. Interment will be in Hellers Corners cemetery, twelve miles from the city, about 3 o'clock. The shopmen will attend the house ceremony and some of them will accompany the remains to the cemetery. The pall bearers will be chosen from the orders of which the deceased was a member.

General and Local Gossip.

Pittsburg engine 402 was taken in the shops this morning for repairs.

Machinist Charles Agster, of the electric works, yesterday purchased a new bicycle.

The Machinists' Social club will hold a meeting at the hall next Sunday afternoon.

President Newman made his first official visit to Fort Wayne this morning, coming in on a special train and remaining an hour or two. He was accompanied the division by officials from Hillsdale.

Brakeman F. I. Stump, of the Nickel Plate, is laying off to attend to some business at Bellevue.

Engineer and Mrs. J. Shelley went down to Rome City this morning to open up their cottage for the season.

Engineer Tim Short and Brakeman W. C. Reffelts, of the Nickel Plate, are taking a few days' lay off.

Enoch Cox, storekeeper at the Pittsburg shops, is in Chicago today on business connected with his office.

The relief department of the electric works has postponed its semi-annual election until next Thursday evening.

C. M. Tindall, who was at Van Wert on a real estate deal, resumed work on the Nickel Plate yesterday. He is a brakeman.

Today some interesting tests of a duplex pump are in progress at the Centlivre brewery. The pump was devised by Louis Centlivre.

Frank Beck, tinner at the Pittsburg shops, was struck by the handle of a wrench yesterday and severely bruised about the eyes.

General Manager L. F. Loree, of the Pennsylvania company, was here this morning, coming from the west on one of the early trains.

J. J. Collins, plumber at the east shops, resumed his duties this morning, after several days' absence on account of private business.

Fuel and Engine Inspector G. M. Burns and Trainmaster C. E. Wells, of the Wabash, were in the city this morning. Mr. Burns resides in St. Louis.

G. P. Lysinger, a construction man in the employ of the Electric corporation, has returned from Zanesville, Ohio, where he installed a lighting plant.

E. A. Blount, shop clerk of the Lake Erie and Western, went to Colina, Ohio, today to visit relatives a week. He was accompanied by his wife and daughter.

Among other shipments from the electric works this morning were a 1,300-light dynamo to F. E. Drake, Cleveland, and a 300-lighter to Louis Sands, Manistee, Mich.

Claude Moore has been transferred from the east paint shop of the Pittsburg to the store room, to take the place of T. J. Kelker, who resigned a few days ago.

The Lake Snore road's surplus, after all charges for the quarter ending March 31, was $1,069,100, against $776,287 last year, and against $859,356 in 1896.

General Manager L. F. Loree addressed the claim agents, now in annual session at Indianapolis, upon the subject of the Pennsylvania company's police system.

Within the last ten days the Pennsylvania road turned over to the Panhandle, at Pittsburg, twenty-nine trains of soldiers, and they were taken through to Chickamauga without a scratch or injury to passenger or car.

The Brotherhood of Locomotive Engineers rejected the proposition to federate with the other railway organizations. The question came befor the semi-annual convention, now in session at St. Louis, and it was nearly a unite against federation.

Last evening, on No. 8, Machinist Charlie Seibt left for Connecticut, where he will be engaged several months in installing steam plants for five parties. The machinery was built at the Bass works, where Mr. Seibt has been employed for a number of years.

The city council of Terre Haute wishes to open a street through the yards of the Evansville and Terre Haute and the railroad company says if the city will pay $326,000 the street may go through. The matter will likely go to the courts for adjustment.

The Pennsylvania employe's excursion committee, which is composed of the foremen of the departments, held a meeting in T. J. Rodabaugh's office this afternoon and discussed the annual excursion to Rome City, which it is proposed to give in June, probably on the 18th.

The Western Passenger Association has made final arrangements for rates to the Cincinnati G. A. R. encampment. The lines agreed that in all territory where two or more roads compete for the business the rate should be fixed at a single fare for the round trip. In non-competitive territory the original rate of a single fare, plus $2, will stand.

Three years ago M. W. Mansfield, superintendent of the Indianapolis and Vincennes, notified farmers along the line that the man who painted his house and barns, whitewashed his fences and brightened things up after the style of the farmers in Eastern Pennsylvania, would, on June 1, 1898, be presented with a pass over the road. The pass will be sent to the fortunate ones on Monday. The improvements in this direction along the line are very striking.

CHURCH MUSIC.

Presbyterian Assembly Gives It Attention.

Report of the Board of Church Erection Presented—Governor Beaver Faints While Speaking.

WINONA LAKE, Ind., May 27.—In the Presbyterian general assembly today devotional exercises and miscellaneous business occupied the first hour. One item was the declaration of the adoption of an amendment to the constitution of the church, placing the music of the church under the complete direction of the church session.

The regular order of the day was the report of the committee on the board of church erection, presented by Dr. B. W. Perry, San Leandro, Cal.

It showed slight increase in the total of contributions, the number of contributors being larger, but the average contribution smaller than last year.

The number of applications for aid has also been reduced somewhat, but a total of 213 churches had been aided in some way, to the aggregate of $126,421.

The total value of churches and manses completed with this aid was $423,827.

The total amounts asked for aggregated $151,788, from 196 applicants.

The income of the board had been $81,194 for the general fund from all sources, $46,714 having been contributed by the churches.

The manse fund received $16,771 and the loan fund $31,252, a part of which consisted of returned loans. The whole income was $129,219.

During the twelve years since the manse fund was started 438 houses have been erected by means of aid aggregating $164,322. The operations of the board had resulted in securing reversionary rights in property amounting to two millions of dollars.

Since the inception of the board in 1845 the total of expenditures has been $3,492,320, securing to the church property to the value of fourteen millions.

After the presentation of the report the assembly was addressed by Dr. Perry and by Dr. Erskine N. Hewitt, secretary of the board.

One hour was occupied with the report of the committee on temperence. The usual recommendations were made, but the committee recommended no action on several overatures regarding Princeton university. This did not satisfy the whole committee, a part of whom introduced a supplementary resolution. While disclaiming special reference to Princeton, it indicated the position of the assembly and was adopted with a shout.

Its text was as follows:

"The assembly calls upon all parents and teachers to exercise increased diligence and watchfulness over themselves and those committed to their care in respect to intemperance, in order that our homes and schools may be purged of the evils of intemperance and the drink traffic be driven from our land, and this without reflection upon any collegiate institution."

GOVERNOR BEAVER FAINTED.

A tragedy almost closed the afternoon session of the assembly yesterday and for a few moments it was feared a human life had gone out. Attendants at the Detroit assembly recalled the sudden death of Judge Breckinridge, of St. Louis, who fell dead upon the platform in the midst of his speech. Yesterday the speech of ex-Gov. James A. Beaver, of Pennsylvania, was cut short by a fainting spell and he would have fallen if not caught by Dr. Roberts, stated clerk. He had been speaking at the Westminster anniversary upon "Presbyterian Churches and the People," and in closing pointed to the national flag and said he saw federal and confederate generals marching under the same banner. Then he exclaimed "God speed the day——" when he was seen to totter and grasp the pulpit for support. He slightly recovered himself and repeated the words, but stopped again. Then, supported by the clerks, he succeeded in saying "God speed the day when we of northern and southern Presbyterian churches shall unite to carry forward the gospel of the Son of God, as our national forces have united the north and south to carry freedom to the ends of the earth."

Then he sank back into a chair and a physician was called. Shortly afterward Clerk Roberts made the welcome announcement that General Beaver was recovering rapidly. For a time excitement was intense, but speedily the audience was dismissed with a final hymn and benediction.

DEWEY DAY.

Kansas City Celebrates the Manila Victory With a Great Fete.

KANSAS CITY, Mo., May 27.—This is Dewey Day, set apart by the city council for the celebration of the victory of Manila Bay.

Both Kansas Cities joined in making it the most popular demonstration ever held here, and crowds from a dozen surrounding Missouri and Kansas towns lent their aid.

The street parade was the feature of the day. It contained no less than 30,000 people. Of this number 10,000 were school children, who marched eight abreast and formed a division a mile long, each child carrying a flag.

A float bearing a model of the battleship Olympia, manned and complete, brought forth volleys of hurrahs from the thousands who lined the streets, while another float arranged by the Italians of the city and representing Cuba, with Weyler crouching before Uncle Sam, was lustily cheered.

All the civic societies in the two cities, chief among them being 6,000 Modern Woodmen, hundreds of G. A. R. veterans and others, interspersed with sixteen bands, completed the array.

The line of march was profusely decorated and the most intense enthusiasm abounded. Addresses in the afternoon by Major William Warner, Judge John F. Philips, the presiding officer of the day; Bishop J. J. Glennon and other prominent citizens closed the exercises.

MONEY FOR TARS.

Twenty-one Spanish Prizes Condemned and Will be Sold.

KEY WEST, Fla., May 27.—The blue jackets of Admiral Sampson's ships will get their prize money. Judge Locke, United States district court, has condemned twenty-one of the twenty-nine Spanish merchantmen in Key West harbor and ordered the vessels' cargoes to be advertised for sale to the highest bidder by United States Marshal Horr. The notices must run thirty days before the auctioneer takes command of the ships. The "jackies" do not expect to see the money before the Fourth of July.

The twenty-one prizes condemned include the Argonauta, Ambrosio and the Bolivar. The smallest steamers in the lot were the only ones put in the list, while the battle over the rich liners, the Panama, Catalina, Miguel Jover, Pedro, Guido and Buena Ventura, is not finished.

The lawyers of the defense are still hopeful, but the opinion prevails that the contraband of war reservation in the president's proclamation will bring all under the hammer.

POWDER MILL EXPLOSION.

Fuse Mill of the Hazard Company Lets Go and Kills One Man.

HAZARDVILLE, Conn., May 27.—The Corning mill of the Hazard Powder company, in which fuses were prepared, exploded today. Alfred Dlunden was killed and Foreman James Colburn was seriously injured. The mill was a small building, one of a hundred constituting the Hazard Powder company's plant.

The Wednesday Pedro club held a picnic meeting yesterday afternoon at Maple Heights, the home of Miss Huestis. Progressive pedro was enjoyed till 6 o'clock, when an elaborate five-course dinner was served. Miss Julia Hedekin won the first prize, a cut glass and silver box, and the consolation prizes, small silver horns, were won by Miss Cecilia Graffe and Miss Clara Hedekin. The substitures were Miss Mayme Kern and Miss DeEtta Davis. The following officers were elected to serve during the coming year: Miss Elizabeth Hedekin, president; Miss Bertha Huestis, secretary and treasurer. The club adjourned for the summer months.

Miss Anna Neher, of No. 12 Francis street, was delightfully surprised by a host of her lady friends last Wednesday evening, the occasion being her twenty-second birthday anniversary. Many games were played, after which a dainty luncheon was served. Miss Anna was given a very handsome present. May her future be ever brightened by such happy events, was the wish of the guests present.

FOR THIS EVENING AND TOMORROW.

Fresh Eggs.
Extra Fine Grass Butter.
Another extra fine car of Northern Michigan Beauty Hebron Potatoes at 85c per bushel.

THE NEW KEYSTONE,
238 and 240 Calhoun St.

Charles Wilkins died at the county asylum yesterday afternoon from cancer of the stomach. He was sixty years old and was an inmate of the institution for many years. He has no known relatives.

DREADED RHEUMATISM.

A Wonderful Remedy Has Been Found That Has Never Failed.

Cured a Texan After Forty-One Years of Untold Misery.

Renewed interest has been given to Gloria Tonic, the new rheumatism cure, by the results of a recent test at Seguin, Tex. John A. Smith, of Milwaukee, Wis., the proprietor of the remedy, forwarded a package to the family of Mr. Bertram, of Seguin, who had been troubled with rheumatism forty-one years. He was then in a critical state, could neither lie down nor walk and had exhausted every known remedy and baffled every doctor who treated him. The first two or three days showed a marvelous improvement and at the end of two weeks he was entirely cured, had gained nine pounds in weight and was as elastic and active as a young man of 20. In many hundreds of cases the results have been the same. Reports of these cases and circulars telling about Gloria Tonic will be sent free for those who write for them.

Gloria Tonic is made by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis., and is for the cure of rheumatism only. For sale at all druggists at $1.00 a box. Testimonials and a trial package are mailed free to all who will send Mr. Smith their name and address.

LOCAL NEWS.

H. J. Meyers, of Muncie, is in the city.

R. G. Macy, of Bluffton, was in the city today on business.

John B. Wilken, of Logansport, was in the city last evening.

Charles Stellhorn today celebrated the sixtieth anniversary of his birth.

J. R. Galloway and F. W. Hill, of Garrett, were in Fort Wayne last evening.

This morning occurred the death of the six-days-old child of Mr. and Mrs. J. A. Peters, of Superior street.

Mrs. Maggie Halsey and baby, of Battle Creek, Neb., are the guests of Mrs. F. Flannigan, of 180 Greely street.

Dr. Martz has returned from Indianapolis, where he attended the annual meeting of the State Homeopathic society. He was elected first vice president.

Manager O'Meara states that Shortstop Hickey will go back to center field, Spencer to shortstop and Belden will not play. Whitridge will do the twirling.

Chairman Hench has called a meeting of the council committee of the whole for next Tuesday evening to consider the proposed annexation of certain property to the city.

Dr. Boswell was called in the country, near Sheldon, on Wednesday and Thursday, to consult with local physicians in the case of Mrs. Roller, who is seriously sick with peritonitis.

The High school A. A. A. is holding its annual field day exercises this afternoon at the driving park. A good program has been prepared and the athletes of the association have been in training for some time for the occasion.

The following building permits have been issued: John Forbing, dwelling on lot No. 125, Williams' addition, cost, $2,200; S. M. Foster, dwelling on lot 397, Lakeside, to cost $1,000; Otto Bengs, dwelling on lot No. 1, Barbour's sub-division, to cost $1,000; Otto Bengs, dwelling on lot No. 2, to cost $1,500.

Chairman P. A. Randall has called a meeting of the street carnival and fair committee, which will be held tonight in the pariors of the Randall hotel. The members of the committee are much encouraged at the outlook and believe there will be exhibited interest enough in the event to insure its complete success.

Wednesday evening, May 25, at the home of the bride's parents, Mr. and Mrs. Warren McKee, at Sheldon, occured the marriage of Miss Helen Virginia McKee to Mr. Hanson T. Mace, of Saybrook, Ill. Elder Simpson, of this city, officiated. They will reside in Saybrook, Ill., where Mr. Mace is engaged in the newspaper business.

Theater Hats Again.

Manager—So you want to be an actress? Aspirant—Yes; I want to elevate the stage. Manager—No need of that, my dear young lady; it is high enough, if you ladies will only remove your hats.—Judge.

Sending Zinc to India.

A somewhat unusual export is reported this week in the shipment of 115 tons of American spelter to Calcutta. The metal is from the mines and works of the Bertha Zinc company in Virginia, and the order came from the Indian ordnance department. The requirement was for zinc of exceptional purity.

A Strange Custom in India.

London Morning Leader: Indian papers tell of the custom which is being observed with great ceremony now by all visitors to a new-born baby of the royal family of Mysore. Every lady who is a friend of the family is expected to lay upon the shrieking infant a gold piece, usually a sovereign. The collection in three days amounts to a large sum, and it belongs to the nurse, who is expected to tip the servants out of it.

American Work in London.

The new London underground electric railway extends six miles through the heart of that city and is to cost $15,000,000. The designing engineer was an American; the locomotives, motors, generators and rotary converters are being built at Schenectady, N. Y., the engines at Milwaukee, the air brakes at Pittsburg, the car couplers at Chicago, and other appliances in various portions of the United States.

The Longest and Shortest Days.

At London and Bremen the longest day has sixteen and one-half hours. At Stockholm, Sweden, it is eighteen and one-half hours in length. At Hamburg, in Germany, and Dantzic, in Prussia, the longest day has seventeen hours. At St. Petersburg, Russia, and Tobolsk, Siberia, the longest day is nineteen hours, and the shortest five hours. At Tornea, Finland, June 21 brings a day nearly twenty-two hours long, and Christmas one less than three hours in length. At Warbury, Norway, the longest day lasts from May 21 to July 22, without interruption, and in Spitzbergen the longest day is three and a half months.

Facts About Gibraltar.

The greatest fortress in the world is undoubtedly Gibraltar. The height of the rock is over 1,400 feet, and this stupendous precipice is pierced by miles of galleries in the solid stone, port holes for cannon being placed tier on tier, at frequent intervals. The rock is perfectly impregnable to the shot of an enemy, and by means of the great elevation a plunging fire can be directed from an enormous height upon a hostile fleet. A garrison of from 5,000 to 10,000 soldiers is maintained, with provisions and ammunition for a six months' siege.

HIDDEN BEAUTY

is often revealed in the human face by the removal of some disfiguring skin disease, pimples, eczema, tetter or erysipelas. To do this quickly and make the skin smooth and healthy use

Heiskell's Ointment

To keep the complexion clear, fresh and beautiful, removing all minor blemishes, use constantly

HEISKELL'S SOAP.

It is soothing and healing in its effect. Ointment, 50c. Soap, 25c. All druggists. Johnston, Holloway & Co., 531 Commerce St., Phila.

NEWS NOTES.

J. W. White was in Huntington yesterday.

Miss Lucile Porter left for Chicago today for a short say.

Mrs. Leopold Schloss, of Ligonier, is visiting the family of Mr. E. Strass.

Born, to Mr. and Mrs. Edward Sterling, of South Calhoun street—a daughter.

Mrs. J. F. Wing and daughter, Marguerite, are visiting friends in Jackson, Mich.

Mr. and Mrs. Joe Rubin, of Payne, Ohio, are the guests of Mrs. Amelia Bruebach today.

Cadet Victor Nussbaum, of the United States Naval academy, Annapolis, is at home on leave.

The Sons of Veterans have engaged the Wayne Tent band to play for their Decoration day exercises.

The Y. W. C. A. Bicycle club will take a run to New Haven this evening, starting from the association at 6:15.

The Universal Brotherhood meets this evening at their rooms, 32 Calhoun street. All are welcome to attend.

Mr. and Mrs. Emanuel Zorbauch have gone to Little York, Pa., to attend the funeral of Mr. Zorbach's sister.

Mrs. Mary Fleming, who has been the guest for a few days of Mrs. Helen Fleming, returned to Indianapolis yesterday.

Mrs. M. W. Freeman, who is the guest of her parents, Mr. and Mrs. Max Rubin, will return home to Brooklyn Sunday evening.

Mrs. S. J. Straus, of Ligonier; Miss Irma Becker, of Albion, Neb., and Miss Gertrude Becker, of Mitchell, S. D., are guests at the Randall.

Mr. and Mrs. Edwin Dalman have returned from Erie, Pa., to this city to live, and will soon be at home in their residence on West Creighton avenue.

The regular meeting of the Trades and Labor Council will occur this evening. Business of importance will come before the meeting and every delegate should be there.

W. A. Fowler, of No. 82 Home avenue, received a telegram this morning stating that his brother's wife at Newark, Ohio, had died. Mr. Fowler left for Newark at noon.

Owing to the absence of C. D. Law from the city, the board of directors of the Fort Wayne Athletic club did not hold a meeting last night, but decided to meet on Saturday evening.

The Huntington News-Democrat: "Miss Henrietta Marx went to Fort Wayne this morning to spend several days visiting with friends.—Hugh Wilson, of Fort Wayne, is a visitor in the city."

Dr. W. H. Myers was called to Auburn, Wednesday, to perform an operation upon an eight-year-old lad for appendicitis. The doctor returned to Auburn, yesterday, and found that the operation had proven successful.

Mr. and Mrs. G. W. and Mr. and Mrs. A. J. Stephens left yesterday for an extended visit in Cleveland, Wheeling and Grafton, W. Va. They expect to be gone five or six weeks. Grafton is their old home, and this is their first visit for three years.

Mrs. Christina Fahlsing celebrated the eightieth anniversary of her birth yesterday at the home of her son, August. Mrs. Fahlsing has been a resident of this city and yesterday saw seven children, with a large number of grandchildren and twenty-two great grandchildren gathered at the family reunion to do homage to the "grossmutter's" four score years.

WHITE FRUIT HOUSE.

Peter Smyser went to Toledo this morning.

Born, to Mr. and Mrs. Walter Thompson, of Marion township—a daughter.

Mrs. J. H. Meyers, of Columbus, Ohio, is visiting her mother on Jackson street.

Mr. and Mrs. Eeward Moriarty, of Brazil, Ind., are the guests of Mr. and Mrs. P. E. Cox.

Mrs. W. M. Glenn and Miss Grace Glenn have returned from Winona, where they spent a few days.

George Cummerow, of Chicago, who has been here for the past week, will return home tomorrow.

The Woman's Missionary society of the Westminster church will meet in the chapel this afternoon at 3 o'clock.

Sion S. Bass post will meet tonight for the last time before Decoration day and the membership should be well represented.

Mr. Gottfried Biedermen, of 58 John street, returned yesterday afternoon from the death bed and burial of his wife at Wolf Lake, Ind.

Winton Bennett, of the Union Pacific Tea store, went up to Auburn this morning to attend to some business which will engage him several days.

John Hayden went to Rome City this morning to make arrangements for sending his family down there for the season. He has a cottage at the resort.

Mrs. Gordon LaRue returned to her home in Indianapolis this morning, after several weeks' visit with Mr. and Mrs. Manning Smith, of 253 East Wayne street.

Members of Anthony Wayne post No. 271, G. A. R., will meet at their hall Sunday afternoon to proceed in a body to the Masonic Temple to attend memorial services.

Jno. F. Noll, son of Jno. G. Noll, will be ordained to the priesthood, at the Cathedral, on Saturday, June 4th, instead of June 24, as heretofore announced, and he will celebrate his first mass Sunday, June 5.

The entries for the ten-mile road race to be given by the Randall Cycle company on Decoration day were closed yesterday. Following are the riders who will start: A. C. Keel, W. H. Thornton, H. B. Hadley, Frank Mills, Kenneth Larwill, Vincent Dawson, Paul Webber, Charles Pearson, John Mills, Leon Wheeler, Charles W. Lang, Charles Hughes, Harry Fitzpatrick, Cliff Boyers, S. Ungerer and Henry Niemman. The handicappers are Messrs. Harry Pickard and Willis Souder.

The feast of Penticost was celebrated by the Jewish people today with appropriate services, and a number of children were confirmed at the Pentiecostal services which were held in Temple Achduth Veshalom at 10:30 this morning. The children were Bertha Chaska, Lillian Hirsh, Joseph Goldstine, Edwin Rubin, Arthur Rothschild, Edgar Hurst and Chester Nathan.

Remember our Fresh Meat Market.

THE GREATEST GROCERY.

He Knew the Rudiments of the Game.

"Maude," he said, bashfully, "I am a silver man. I must tell you that." "What care I for your metal?" she cried. "As long as you are a populist who can pop—and has popped—I am happy."—Harper's Bazar.

GRAND OPENING.

Joe W. Bell will show the finest line of Carriages ever shown in Fort Wayne tonight, tomorrow and tomorrow night. Everybody invited. 27t2

Have you seen the silk shirts at Reuben S. Patterson's?

TURN OUT, CITIZENS.

The Olds Wagon Works Employes Claim Your Presence Tomorrow.

The employes of the Olds Wagon works cordially invite the public to participate in the flag raising at the works tomorrow afternoon at 3 o'clock. A platform will be erected, from which able speakers will address the people, and other entertaining features will be given. The wagon works employes have the honor of having the tallest flag staff and the largest flag in the state and they want to "dedicate" them in a manner most befitting such a patriotic demonstration. Come out, citizens, and encourage the "boys" in their commendable work.

R. B. Rossington went to Rome City this morning.

Mr. Herman Boester, the Broadway tonsorialist, has added a new chair to his shop, thus making three chairs. Hereafter he can accommodate his customers more quickly than before.

Fresh Country Butter, 10c lb.

Eggs, 10c dozen.

Dressed Chickens, 10c lb.

Fresh Cucumbers, Beans, Peas, etc.

We will receive a large shipment of Strawberries in the morning at low prices.

COVERDALE & ARCHER.
24 Harrison street.

Have you seen the 50c balbriggan underwear at Reuben S. Patterson's. It is the talk of the town.

ROBISON PARK.

Change Made in the Entrance.

Six Hundred Free Seats at the Theatre.

The management of Robison park are determined to prevent the sale of liquor near their resort and have closed gate No. 2 to the public, owing to the opening of a road house near the entrance. The gate will be used as a vehicle gate only and no person will be permitted to enter or leave the park at this entrance. The general admission and bicycle entrance will, until further notice, be at gate No. 1, Leo road. This will also be changed should it become necessary.

The free seat feature at the theater will be added the same as last season and accommodations have been made for 600, the same as last season. Several new features are on the program for the coming week at the park, which will be announced in the papers tomorrow.

Don't fail to try the sample of "Golden Rio" package coffee left at your house. 25eodtf

CHRONIC ECZEMA
CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several helpers, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried Cuticura Remedies. The Eczema rapidly disappeared, and I am well, with no trace of any return of disease. J. EMMETT RENNER, Feb. 26, 1898. Box 17, Thorntown, Ind.

Sweet Cure Treatment for Disfiguring, Itching, Burning Humors, Rashes, Scales, Crusts, Scrofula, Chronic Eczema, Itching Piles, Rheumatism, Loss of Hair, Dandruff, Blackheads, Red, Rough Hands, Shapeless Nails, Dry, Thin, Brittle Hair, Baby Blemishes, and Every Species of Itching, Burning, Scaly, Pimply Skin, Scalp, and Blood Humors, with Loss of Hair, from Infancy to Old Age.

Cuticura Remedies are sold throughout the world. Cuticura, 50c. Soap, 25c. Resolvent, $1. Potter Drug & Chem. Corp., Sole Props., Boston. "How to Cure Humors," free.

FIRED ON THE GUARD

Key West Excited by the Work of Spies.

Three Men Attempt to Get Inside the Lines.

In Exchange of Shots Henry is Wounded.

Spies Made Another Effort to Get In and Were Dispersed by a Volley—Carried a Suspicious Package.

KEY WEST, Fla., May 27.—8:35 A. M.—A sergeant of artillery on duty at a mortar battery near Fort Taylor was fired upon early this morning by three unknown men, whom he says he knows to be Spaniards. The fire was promptly returned but the men escaped.

The affair, which is involved in a good deal of mystery, began yesterday afternoon when three swarthy men made an attempt to enter the gate of the reservation, but were summarily turned off by the sentry. No further attention was given to the incident until last night, when between 10 and 11 o'clock the sergeant of the artillery guard, near the mortar battery, discerned the figures of three men a few yards ahead of him.

Almost simultaneously with the discovery, they opened fire upon him with pistols. Three bullets whizzed harmlessly past the sergeant but a fourth lodged in the fleshy part of his left arm, just above the elbow.

The three men then turned and fled out of range. The sergeant sent several shots after them and then went for the guard.

A sharp lookout was kept for the strangers and, soon after midnight, a suspicious noise was heard outside the gate near which the mortar battery is located. An investigation resulted in the discovery of a carriage in the street just outside the gate. The sergeant gave orders to fire and a volley was sent at the vehicle.

A moment later, it appears, three men were seen running up the street and the fire of the soldiers was directed upon them, but the suspects escaped apparently unharmed.

The sergeant declares that on the occasion of the last visit of the strangers one of the latter carried a suspicious looking package about three feet long. The sergeant who was the principal in the adventure with the three strangers is Charles W. Richards, battery B, first artillery.

SERGEANT RICHARD'S STORY.

10:50 A. M.—Sergeant Richards told the Associated Press correspondent the story of the affair. He said that at 10 o'clock yesterday morning three men, who looked like Spaniards, attempted to enter the gate at the reservation but were turned away. On three different occasions later in the day he saw them loitering about various entrances, and at one of these they lingered for nearly two hours.

At 9:45 last night Richards, when walking over to Fort Taylor, across the reservation, heard sounds coming from the mortar battery, close to the roadway.

Gaining his rifle ready, he crept stealthily up to the pit and when close by heard a voice say:

"Qim, got the package."

The sergeant then entered the pit and confronted a stranger, who was coming out with a three-foot package in his hands. Richards aimed his rifle at the man and ordered "hands up," but without an instant's hesitation the stranger blazed away with a revolver, which he apparently had drawn and ready.

Two shots flew past the soldiers and he dropped to his knees as a third bullet ploughed through the flesh of his left arm above the elbow.

After the three shots the mysterious assailant of the sergeant turned and fled at top speed toward the road, Richards firing one shot after the fugitive and missing him. He saw the man leap into a carriage just outside the gate, in which were seated two other men, and the trio drove furiously away.

Shortly after midnight Sergeant Richards, with several artillerymen, returned to the mortar pit to see if all was right there. As they drew near a figure darted out and sped to the road. Richards recognized this figure as the man who had shot at him, and ordered Private Gates to fire. But, the suspect was again too agile and the one shot fired went wild.

"We chased him some distance," said Richards, "but he got away."

"At the road we found a long Cuban cigarette dropped by him and still burning. He was about six feet tall, had a heavy black mustache and wore a yellow coat.

"I am satisfied that all three men were Spaniards and that the package contained dynamite with which they intended to destroy the battery."

Richards, whose wound is of a trifling nature, was emphatic in his assertions and added:

"There are other details which I am not permitted to reveal."

BANCROFT CHASES.

AFTER A SPANIARD.

KEY WEST, Fla., May 27.—7:18 A. M.—A Spanish steamship, thought to be an auxiliary cruiser, was sighted by the United States warships Wilmington and Bancroft, fifteen miles off Key West last night, and at last accounts she was being chased by the Bancroft.

The ship chased by the Bancroft was a three-masted steamer and apparently a merchantman of large tonnage.

She had one smokestack. No doubt was entertained of her being a Spaniard, because, when the Bancroft put after her she steamed away at full speed.

The Wilmington was coming in here for coal when, at about 5:30 last evening, when between twelve and fifteen miles off Key West, she saw the smoke of a steamer and turned about in the latter's course. About the same time the Bancroft came along and asked the Wilmington if she had seen anything of a three-masted steamer which had chased the auxiliary gunboat Eagle.

The Wilmington then notified the Bancroft of the three-masted steamer, and while doing so a stranger hove in sight.

The Bancroft went after her and the vessel headed southeast, with the Bancroft going full speed after her.

The chase was a most exciting one when the Wilmington last saw the two vessels.

It is presumed that the Spanish ship, observing the Wilmington's military top, mistook her for a battleship and thought it safe to continue scouting, trusting to her superior speed for escape, but when the Bancroft appeared, the Spaniard lost no time in trying to get away.

Captain Todd of the Wilmington, has no doubt the Bancroft will catch the Spaniard.

A custom official here, whom he heard the story, said he had seen a strange ship off Key West last night, adding that she was gone in the morning. Captain Todd is confident the vessel being chased by the Bancroft is a Spanish auxiliary cruiser on scout duty. The Wilmington came in from the blockade and reports all quiet there.

Knox straw hats for men now ready. Price, $3.00 and $3.50.

A BRIGADIER'S STAR.

William J. McKee Nominated a General.

The Indiana Soldier May Go to the Front.

President Sends Another Batch to the Senate.

Forty-five Thousand Volunteers Are Now Assembled at Camp Thomas—Water Is Abundant.

WASHINGTON, May 27.—Among a large list of nominations for brigadier generals sent to the senate today by the president was the name of William J. McKee, of Indiana. There was considerable friction between the Indiana military authorities and the federal military authorities a few weeks ago and it primarily grew out of the fact that General McKee had not been chosen to head the Indiana brigade.

A BIG BATCH OF NEW GENERALS.

WASHINGTON, May 27.—The president today sent those nominations to the senate:

To be brigadier generals:

Col. Robert H. Hall, Fourth United States infantry.
Col. Edwin V. Sumner, Seventh United States cavalry.
Col. Peter C. Haines, corps of engineers.
Col. George L. Gillespie, corps of engineers.
Col. Marcus P. Miller, Third United States artillery.
Col. Jacob Kline, Twenty-first United States infantry.
Lieut. Col. Osward H. Ernest, corps of engineers.
Lieut. Col. Lloyd Wheaton, Twentieth United States infantry.
Lieut. Col. Arthur MacArthur, assistant adjutant general.
Lieut. Col. Henry C. Hasbrouck, Fourth United States artillery.
Lieut. Col. John C. Gilmore, assistant adjutant general.
Lieut. Col. Wallace F. Randolph, Third United States artillery.
Major Joseph P. Sanger, inspector general.
Frederick D. Grant, of New York.
One Hundred and Forty-fourth New York Volunteer infantry.
Harrison Gray Otis, of California.
Henry M. Duffield, of Michigan.
Charles King, of Wisconsin.
Lucius F. Hubbard, of Minnesota.
George A. Garrettson, of Ohio.
William M. Gordon, of Georgia.
John A. Wiley, of Pennsylvania.
William A. Bancroft, Massachusetts.
William J. McKee, of Indiana.
Francis V. Green, of New York, Seventy-first New York Volunteer infantry.
Charles Fitzsimons, of Illinois.
Joseph K. Hudson, of Kansas.
Samuel Rush Lincoln, of Iowa.

VOLUNTEER RANKS RAPIDLY SWELLING.

CHATTANOOGA, Tenn., May 27.—The big volunteer army at Chickamauga now numbers nearly 45,000 men, and it continues to grow.

Today the Sixty-ninth New York, the First Arkansas, the Fifth Mississippi and three troops of the Third Volunteer cavalry went into camp.

Together these commands number about 3,500 men.

The Sixty-ninth New York, 1026 men, under Colonel Edward Duffy, was delayed by a slight wreck and did not arrive until a late hour last night.

Breakfast was served the men in the city and immediately thereafter they were taken to the park. This regiment attracted great attention on account of the very evident fact that it is composed entirely of Irishmen.

The First Arkansas, 1,025 men, under Col. Elias Chandler, arrived at 1 a. m. The men remained in their cars over night, leaving for the park after breakfast this morning.

Troops A, C and D, 227 men of Colonel Grigsby's cowboy regiment, arrived in the city at 6:30 o'clock last night and remained in their cars until this morning, when they got away to the park and began work on their camps.

Nearly all the men of the Fourth Ohio regiment are in an unenviable plight. Yesterday they marched to the hospital quarters in companies and were vaccinated. Today their arms are very sore and it is almost impossible for them to drill.

Drills will probably be suspended for a few days.

The Pennsylvania soldiers, about 6,000 in all, are happy today over the announcement that they will at once receive pay for the fifteen days they in camp before being mustered in to the service of the United States. This money, which amounts to about $35,000, will be paid by the state of Pennsylvania.

The pipe lines to nearly all the commands in the park were completed today and hereafter there can be no complaint about water. This is the quickest job of pipelaying ever done in the south. Numerous complaints are being made by men of various regiments of the army, but according to good authority these complaints are not well founded.

General Brooke and his assistants are giving the men every possible accommodation and those who are complaining are doubtless men who cannot make up their minds to endure the hardships attendant upon an army life.

Brigadier General A. S. Burt and staff left Chickamauga today for Tampa, Fla., where they have been assigned to duty. The departure of General Burt leaves the first brigade, first division, first corps of the army without a commander.

Col. C. B. Hunt, of the First Ohio, will be commander until the place is filled.

SPANISH SPIES IN CANADA.

Carranza and Dubosc Said to Have Returned to Montreal.

MONTREAL, Que., May 27.—Lieutenant Carranza, the Spanish naval attache of Polo's staff, who was reported to have returned to Madrid, is again in this city and has taken quiet quarters on St. Mark's street, where, in company with Dubosc, former secretary of the Spanish embassy, the headquarters of the Spanish espionage system has been re-established.

The two men were seen last night to leave a street car on St. Catherine's street and past through to St. Mark's street and enter a house.

The had been lost sight of for five days and were thought to have left the city, as they had given out the report that they intended to depart, and nothing was subsequently circulated that they had left the city before Polo departed Saturday. This was evidently a ruse to throw the American secret service officers off their trail.

Last night several cablegrams for Madrid and London were filed in cipher by an unknown Spaniard at the local telegraph office, and as none have been sent since Saturday it is believed that the chief spies only returned to this city yesterday.

The American detectives who followed Carranza and Dubosc while here before had returned to the states and they were evidently blinded by the reported arrival of the Spaniard in London.

MAIL FOR SOLDIERS.

Second and Third-Class Mail Will Be Forwarded as First-Class.

WASHINGTON, May 27.—First Assistant Postmaster General Heath today said that hereafter second and third-class mail will be forwarded to the soldiers in the same manner as letters.

First-class mail under the general rule can be forwarded when mail as originally addressed does not reach the person to whom it was sent.

Under this revision, however, papers and packages will be forwarded from place to place until they reach the soldier.

This change in the regulation was made for the benefit of those soldiers whose regiments changed their location.

Knox straw hats for men now ready. Price, $3.00 and $3.50.

PLANS ARE LAID UP.

Campaign Is Ready for All but the Start.

The Spanish Squadron is the Question Mark.

Long is Hopeful in a Deal of Uncertainty.

Invasion of Cuba Being Delayed—Miles Has Been Ready to Go for Several Days, but Gets No Orders.

WASHINGTON, May 27.—When Secretary Long started for the cabinet meeting today, he was without information in addition to that possessed yesterday morning as to the movements of the fleets in the West Indies.

Notwithstanding the reported statements which of course will come through in the end if persisted in, to the effect that the navy department has been in communication with Commodore Schley off Santiago, the secretary stated that he had not received any message from Commodore Schley since his brief report made several days ago from another point in Cuba. Therefore the department is in exactly the position it has occupied for the last few days so far as its knowledge of the fleet goes; it has heard through unofficial and it is hoped reliable sources that the Spanish fleet is in Santiago harbor and Schley is lying in wait outside.

The department having waited as long as dignity seemed to require for news directly from the squadrons, it is believed, has now taken steps to secure it through its own inquiries and consequently it may be expected at any moment that some of the dispatch boats or scouting vessels will bring news of the squadron to one of the cable stations, probably in Hayti, for the transmission to the navy department. There was a revival this morning of the almost daily rumor that General Miles was about to depart on his trip to Tampa, which is of course construed to mean the direct beginning of the invasion of Cuba.

As a matter of fact there is just as much foundation for this statement today as during any day in the past week. The commanding general has had a separate car ready for himself and staff lying in the Pennsylvania railway station in this city ready to start at a moment's notice for Tampa.

He, himself, has been anxious to depart for many days past, and has been restricted only because conditions were not ripe for the movement. When that moment arrives a start will be made, but whether it will be tonight or a week hence is absolutely not known at this moment even to General Miles himself.

The calling of the conferences at the white house yesterday has led to the revival of the rumors of an immediate movement upon Cuba and Porto Rico. It may be stated, however, upon the best authority, that it has not yet been finally decided when to begin the Cuban invasion and, as far as Porto Rico is concerned, whether to attempt an occupation of that island at all or not.

In other words the plans are in a tentative state subject to alterations any moment as conditions develop.

Another rumor which was revived today with some degree of plausibility related to certain attempts on the part of representatives of European powers to secure peace through direct representations to the United States government.

Like the other rumors this meets with an absolute and unqualified denial at the state department, and, so far as known, neither in Europe through the United States representatives, nor in Washington, has our government been approached on the subject.

The frequent repetition of this story is believed by the officials to be perhaps in the execution of a policy of inquiry, with a view to sound public sentiment in this country as to the terms of peace that probably would be acceptable.

The conditions mentioned in these stories—the retention by Spain of the Philippines and Porto Rico for the release of Cuba—represent the very minimum offer that might be expected from the Spanish side, but as most peace treaties are in the nature of compromise bargains it can not be supposed, of course, that that is the maximum peace Spain expects to pay for her indulgence in a losing war.

FRESH EVIDENCE OF GERMAN NEUTRALITY.

BERLIN, May 27.—United States Ambassador Whitelaw Reid is greatly pleased at a fresh evidence yesterday of Germany's strict neutrality.

Acting upon information from the United States consul at Hamburg, to the effect that the Spanish steamer Pluton was about to sail with contraband of war, Mr. White went to the foreign office and protested, with the result that the government officials acted promptly.

The steamer was searched and no contraband of war was found on board.

SAYS HE IS NO TENDERFOOT

William Tiffany, of Roosevelt's Rough Riders Objects to the Description.

NEW YORK, May 27.—Belmont Tiffany, who is the brother of William Tiffany, now with Roosevelt's rough riders, has received a letter from his brother in which he said that he was very tired of being quoted in the newspapers as being a New York "dude and tenderfoot," inasmuch as he has been a cowboy in the west for three years and was entirely familiar with western life.

Tiffany also said that the cowboys, who composed the western element of the troop were not the best type or drawn from the most representative class. As he put it: "Those are good and bad cowboys and these down here are not the best."

LOOKS TO CONQUEST.

Morgan's Amendment to the Revenue Bill.

To Confer Power on the President for the Government of Islands Taken in War.

WASHINGTON, May 27.—Soon after the senate convened at 11 o'clock this morning Mr. Carter reported from the military affairs committee a bill providing for a second assistant secretary of war, to be named by the president, and to receive a salary of $4,000.

When the bill was placed on its passage Mr. Hale, of Tennessee, suggested the absence of a quorum, not more than eight or ten senators being in the chamber.

After a delay of fifteen minutes a quorum was secured and the bill was passed.

Mr. Morgan then offered this amendment to the war revenue measure:

"When any of the islands of the Atlantic or Pacific oceans are owned by the United States, or when they are occupied by the civil or military forces of the United States, as a result of war with Spain, or as a necessary means of conducting such war, to be determined by the president as the commander-in-chief of the army and navy of the United States, it shall be lawful and within his discretion for the president to appoint a civil or military governor of such island or any group of such islands, with full authority under such rules and regulations as the president shall prescribe, not inconsistent with the laws of civilized warfare, to maintain good order and to protect the lives and property and the domestic peace of the people thereof.

"And there shall be extended over such islands and enforced therein such parts and provisions of the tax laws of the United States of such islands, whether relating to customs duties or to internal taxation, as shall in the judgment and discretion of the president, be justly applicable to such islands during the existence of the war with Spain.

"The currency of the United States, whether of gold, silver or paper money, shall be a lawful tender in said islands so owned or occupied in the same manner and to the same extent that they are a lawful tender in the United States, in the payment of all debts, public or private.

"And the provisions of this act that relate to such island, together with such regulations as shall be made by order of the president for executing the same, shall remain in force until the same are altered, amended or repealed by act of congress."

Consideration of the war revenue measure was resumed, Mr. Teller taking the floor to continue his speech began yesterday.

ANNEXATION AND REVENUES.

Senator Lodge has offered the Newlands resolution for the annexation of Hawaii as an amendment to the war revenue bill. The senatorial friends of annexation declare that henceforth the two measures must travel together.

IN THE HOUSE.

WASHINGTON, May 27.—Upon motion of Mr. Dingley the house agreed to adjourn today to Tuesday, Monday being Decoration day.

The senate resolution authorizing the secretary of the navy to present a sword of honor to Commodore George Dewey, and cause to be struck bronze medals, commemorating the battle of Manila bay, and to distribute them to the officers and men of the Asiatic squadron, was passed unanimously without debate.

WHERE'S THE FLEET?

Report That Cervera Has Left Santiago.

Escaped the Battle Before the Cork Was In.

A Story From Madrid Says the Fleet Is There.

Cabinet Has No Official Information but Is Convinced that Schley Has the Fleet Corralled.

NEW YORK, May 27.—An afternoon paper prints a dispatch from its Key West correspondent, alleging as on the best of authority, that Cervera's fleet left Santiago de Cuba on Saturday last. The statement lacks confirmation.

CERVERA AT SANTIAGO SAYS A MADRID REPORT.

MADRID, May 27.—8 A. M.—The Imparcial reiterates today that Admiral Cervera is at Santiago de Cuba, which port, it says, possesses advantages over Cienfuegos.

CABINET IS CERTAIN CERVERA IS BOTTLED.

WASHINGTON, May 27.—At the close of the cabinet meeting today it was authoritatively stated that although the government had no official information on the subject, there was no reasonable doubt that Admiral Cervera's fleet was in Santiago harbor and that Commodore Schley was on guard at the entrance.

Although the information upon which this belief is based is regarded as entirely trustworthy, the government will take no important move or change its plans in the absence of direct confirmation from official sources.

It was also stated that any contemplated movement against Cuba or Porto Rico would be held in abeyance until the Spanish fleet either was destroyed or otherwise rendered helpless to seriously interfere with our plans in any direction.

The cabinet discussed the situation at length, but nothing of great consequence was decided upon. The work of equipping and mobilizing the volunteer army will be pushed with all possible vigor with a view to being in perfect readiness for any call that might be made when the Spanish fleet shall no longer be a serious factor in the war problem.

MADRID STORIES ARE GROUNDLESS.

LONDON, May 27.—The stories circulated at Madrid and elsewhere regarding the Baltimore, are evidently groundless. The dispatch received at the Spanish capital from Manila apparently referred to the alleged disablement of the Baltimore during the battle of Manila, when a Spanish shell struck her and exploded some ammunition, slightly injuring eight men on board.

SCHLEY'S DISPATCH FROM CIENFUEGOS.

(Copyrighted, 1898, by the Associated Press.)

NEW YORK HERALD'S Correspondent at Cuba, May 27.—2 A. M.—(Via Key West, Fla.)—At 10 o'clock last night the Dolphin ran alongside the flagship New York. Her lights showed that she bore dispatches for Rear Admiral Sampson. The commander of the Dolphin shouted through the megaphone:

"I have dispatches from Commodore Schley to the commander-in-chief."

A cheer went up from the crowded decks of the New York.

Commodore Schley's dispatches were dated off Cienfuegos.

"Absolutely nothing definite can be said," was the reply which Captain Chadwick, of the New York, made to a question as to what had transpired.

Since he heard of Admiral Cervera's arrival at Curtoon, Rear Admiral Sampson has repeatedly said he believed the Spaniards would go to Cienfuegos or Santiago de Cuba.

To prove that the American admiral was almost sure the Spaniards would be caught, the following may be divulged without a breach of confidence:

When the ships of Commodore Schley's division were sailing out of Key West under Rear Admiral Sampson's orders, the admiral set this signal to Captain Philip, of the Texas: "You are going to nab the Spaniards and good luck to you."

Since then the rear admiral has been cruising around as a purely precautionary measure. He thoroughly believed Commodore Schley would bottle up the Spaniards either in Cienfuegos or at Santiago de Cuba, but he took all measures to guard against a possible evasion of Commodore Schley by the enemy and any attempt to make Havana through the eastern or western passage, though there is little doubt that the commodore, had he met the Spanish ships, could have defeated them.

There is good reason to believe, from a strategic point of view, that more can be gained by the Spaniards being bottled up in Santiago de Cuba, than in an engagement which, though it would result in victory for the Americans, might have resulted in some damage to our ships. In the harbor of Santiago de Cuba the Spanish fleet will be helpless.

The channel leading into the harbor is narrow and the enemy can either be kept a prisoner there by sinking a few hulks in the channel, or he can be destroyed by a superior force.

WROTE THE REGENT.

Philadelphia Peace Society Deprecates the War.

The Letter Intercepted by the Government and Returned—Sympathy Expressed for Spain.

PHILADELPHIA, Pa., May 27.—There is an outburst of popular indignation here caused by the discovery that the Universal Peace union, which is permitted by the city to occupy rooms in Independence hall free, has forwarded to the queen of Spain a letter denouncing the war and expressing sympathy with the enemies of the United States with whom we are now at war. The letter, which is signed by Alfred H. Love, president, is dated Independence hall, Philadelphia, and is addressed to the queen regent of Spain and Mr. Sagasta, premier, Madrid, Spain.

It says:

"It is in our hearts to say, as the Universal Peace union, representing many thousands of friends of peace in all parts of the world and from the United States, that we have appreciated your many concessions in this Cuban trouble in behalf of peace, and we want you to hear from the people, the real representatives of the American heart, that we believe all that is desired could be obtained by peaceful means.

"Oh, how you would elevate your nation! What a contribution to this age of intelligence if you could send a message to America! Our hearts are full of sympathy for you in your no doubt embarrassed position, but the fight will sustain you. Our country would receive you if your people rebel in your efforts to avail of any opening to still avert war and meet the demands of humanity, freedom and peace."

When this extraordinary and unpatriotic utterance was placed in the mails it was sent back from Washington to President Love, the postal authorities refusing to transmit it. A messenger was sent to the assistant secretary of state, Mr. Day, who also refused to permit the forwarding of this un-American message from "Independence hall. President Love, however, exultantly informed a reporter that he had outwitted the government and forwarded it in a roundabout way.

It was in the room of this society Wednesday that a Spanish flag was discovered hanging pridnly in the center of the room. Notwithstanding the violent protests and denunciations of a person who was in charge of the place the flag was taken down, after a newspaper reporter had called the attention of the authorities to it.

CUBA LIBRE has somehow the appearance of being lost in the shuffle.

OF ALL the Spanish spies that have been distracting this country but one has suffered and he commuted his suicide in jail. Evidently he could not stand the asperson.

SPAIN hurried her fleet over here to prevent a revolution at home and now finds that when the fleet gets the licking it's bound to get there will be a revolution anyway. Spain would have done better to let the revolution revolute in the first place.

THE battle cry was first "On to Havana," but it gave place to "On to Manilla," and now it looks much as though it would be "On to Porto Rico," before we get back to the original intention. The best laid plans of war strategists gang aft agley or thereabouts.

THE nomination of Dr. C. B. Stemen, of this city, for congress by the republicans of the Twelfth district, bestowed the honor where it is well deserved. Dr. Stemen has been a faithful and hardworking republican, and is a cultured Christian gentleman. While Dr Stemen is not likely to find any more honors in the race than may be had out of the mere running, the fact that he is an experienced and forcible stump orator will infect into the congressional campaign in this district an interest it has lacked for several years. Congressman Robinson and Dr. Stemen will be able to "put up" a very interesting campaign.

Britain Has an Eye on the Philippines.

Pall Mall Gazette.

The Spanish rule in the Philippines is a very frail thing, and it would not take much to bring it to ruin. Although the Spaniards have held the archipelago since the end of the sixteenth century, when it was taken over with the rest of the Portuguese dominions, they have never possessed more than the mere fringe—the coasts of the great islands and a few posts among the smaller. Till the other day the commercial interests of Spain were almost nil. Then she began to impose protective duties in order to draw all the trade into her own hands, but the bulk of it still belongs to England and Germany. The native population, largely of Malay blood, is independent. Around the Spanish settlements and on the vast estates belonging to various religious orders there is a half-bred population of Spanish and Malay and of Chinese and Malay of the branch of the race called Tagalo. The last made the rebellion, and they have apparently been encouraged by the outbreak of the war with the United States to begin again.

Now we have only to look at this position to see that if the power of Spain is destroyed another apple of discord will be rolled on the table in the far east. To suppose that the Tagalos—a timid, unwarlike race who are hated and despised by other tribes, and who are divided in sympathies between the Spanish and Chinese among themselves—could establish a stable government in the Philippines, is an absurdity. The expulsion of the Spaniards would throw the archipelago open to the enterprise of all the powers who are now busy with spheres of influence, and spheres of interest, in China. The Americans assert that they do not intend to occupy the islands, and they may well be believed. Any such enterprise on their part is highly improbable. But if they destroy what government there is, they will make it necessary for somebody else to supply the loss.

It is in the last degree unlikely that candidates ready to undertake the task will be wanting. We, to begin with, have a very real interest in the fate of the islands. We handle 70 per cent. of the import and 90 per cent. of the export trade. Then come the Germans, who have nearly the whole of what does not belong to us. The commercial interests of other nations are trifling: but it does not therefore follow that none of them will be found to look with the eyes of desire on the Philippines. There is Japan, with its ambition to found a great island empire, which would be perfectly ready to slop into the vacant place; and no doubt others could be induced to try the same adventure. In short, here is another element of discord thrown into the far eastern scramble, if the rule of Spain does indeed collapse. We say nothing of the chance that the sight of her weakness may tempt some one to strike in before the actual collapse is come.

It is, in fact, most probable that it will be through the Philippines that the rest of the world will be dragged into the Spanish and American conflict. Every commercial motive which compels us to be on the alert in China is at hand to force us to keep watch on the Philippines. Anarchy in that region would give the united fist of Germany an admirable excuse for descending on a desirable possession in eastern seas. It is not so many years since that she quarreled with Spain over the Sooloo islands, which are close to the Philippines. As for the Japanese, they are at Formosa already and have but a step to make the Philippines—with what likelihood c. German good will we all know. Take it altogether, there is good reason to watch the Philippines.

STIFF EXAMINATIONS.

Commissioned Officers in Lonsome Regiments Must Be Well Fitted.

WASHINGTON, May 26.—The war department has issued a series of general rules for the examination of applicants for commissions in the United States volunteer immune regiments. Applicants will be examined with reference to their mental, moral and physical fitness to hold a commission and perform the duties of a commissioned officer in an infantry regiment. In determining fitness the board of examiners will give due light to the following:

The nature and extent of applicant's military education; the time, if any, the applicant has been in tropical climates, and the general nature of his experience in such climates; the facility with which applicants can speak foreign languages, if at all, particularly Spanish.

The examining board will also give due weight to the followingin: The military experience of the applicant if any; the ability of the applicant to take proper care of himself and of men committed to his charge under all conditions, so far as the same can be judged by the experience and record of the applicant; the ability of the applicant to command men, so far as can be judged by his experience and record.

The examinations are not to be competitive but the board of examiners is to pass upon the qualifications of each applicant and recommend to the adjutant general of the army the rank which may properly be conferred upon such applicant.

POLICE NEWS.

Officer Remy Makes Another Long Chase for a Prisoner.

Yesterday a young man who gave the name of F. Smith (fictitious) assaulted Wah Kee, the Chinaman who conducts a laundry at No. 222 Calhoun street. The police were notified of the assault and Officer Remy went after the young man, who attempted to run away. He did run, too, and the officer chased him to the extreme east end Bullts of the city and finally arrested him in the rear of the Bash packing house. The young man had money and this morning paid a fine of $1 and costs.

Sergeant Barkenrider and Officers Strodel and White last evening raided the rooms over No. 46 East Columbia street and arrested, Chas. Thompson, Jennie Robb, Katie White and Charles Harrison. The quartet paid fines.

Proclamation.

To the Citizens of Fort Wayne:

I would respectfully ask the citizens in general as well as the business men in particular to observe Memorial day by taking part in the general memorial services, and to close their respective places on Monday next, from 1 to 5 p. m.

PLENTY OF RUNS.

The Grand Rapids Team Got the Most of Them.

The Midgetmakers Won the First Game by Better Batting and Some Fine Fielding by Hickey—Notes.

Grand Rapids came to Fort Wayne and played its first game of the season at Lakeside park in the afternoon. The team has a reputation for hard hitting and they demonstrated that such reputation was deserved by batting Mr. Reisman's curves when his assistant runs. Durrett made a three-bagger and Cote a home run, these two hits alone accounting for seven of the dozen runs chalked up to the credit of the visitors. Spencer arrived in the city, but did not play, and Hickey, who was again at short, made a lamentable failure in his effort to play the position. But the Fort Wayne's only chance to win was by the rugged fielding of the visitors, who settled down and batted out the game after it appeared that the Hoosiers had a cinch. Here is the score:

FORT WAYNE.

	AB.	R.	BH.	PO.	A.	E.
Hickey, ss	4	1	1	1	4	0

Grand Rapids	0	1	0	2	0	0	0	0	0—3

Earned runs—Grand Rapids, 2. Two-base hits—Hickey, Kahoe, Durrett, 2. Three-base hits—Durrett. Home run—Cote. Stolen bases—Hickey, Schaub, Reisman, Burt, Hewitt, Spencer, Bemis, Hoddy, Durrett, 2. Double plays—Schaub to Kahoe; Cote to Hewitt to Cahill. Bases on balls—Off Reisman, 1; off McCampbell, 2. Hit by pitcher—By Reisman, 1. Wild pitches—Reisman, McCampbell. Passed balls—Bemis, Campbell, 1. Double plays—Schaub to Kahoe. Umpire—Wagner. Time of game—2:25.

SPRINGFIELD, 6; NEW CASTLE, 0.

SPRINGFIELD, Ohio, May 27.—Springfield shut out New Castle. At the opening of the ninth inning the New Castles got the ratties and the inning ended with five runs to the credit of Springfield. The score:

Springfield ...1 0 0 0 0 0 0 0 5—6
New Castle...0 0 0 0 0 0 0 0 0—0

Hits—Springfield, 7; New Castle, 7. Errors—New Castle, 3. Batteries—Springfield, Wells and Graffius; New Castle, Guese and Nye. Umpire—Lally.

DAYTON, 8; YOUNGSTOWN, 3.

DAYTON, Ohio, May 27.—Dayton easily defeated Youngstown in a fast game here. The score:

Dayton.....0 2 2 1 1 2 0 0—8
Youngstown .2 0 0 0 0 0 0 1—3

Base Hits—Dayton, 11; Youngstown, 7. Errors—Dayton, 3; Youngstown, 3. Batteries—Rosebrough and Donahue; Brodie and Zimram. Time of Game—1:40. Umpire—Colgan.

TOLEDO, 10; MANSFIELD, 3.

TOLEDO, Ohio, May 27.—Miller puzzled the Toledos for a couple of innings, but after that Toledo had the game her own way. Flannery was put out of the game in the sixth inning for disputing a decision, and Law took his place. Home runs by Beck and Smith and Bob Gilks' fielding were the features. The score:

Toledo.....0 0 4 0 2 3 1 0 0—10
Mansfield...2 1 0 0 0 0 0 0 0— 3

Hits—Toledo, 12; Mansfield, 6. Errors—Toledo, 2; Mansfield, 3. Batteries—Ferguson and Arthur; Miller and Bolt. Umpire—Moreloco.

WESTERN LEAGUE.

Columbus, 8; St. Paul, 4.
Indianapolis, 8; Minneapolis, 4.
Detroit, 3; Omaha, 1.
Milwaukee, 7; Kansas City, 3.

SHAMROCKS, 27; HUNTINGTON, 2.

At Huntington yesterday afternoon the Fort Wayne Shamrocks defeated the Lime City boys in a walk, hitting Ford's benders all over the lot. Collars and Cliff Smith led the stick work for the Shamrocks, Collars laying the ball out for six hits, and getting a base on balls out of seven times up, and Smith bested Ford's curves for five hits, two of them being two-baggers. Gaffney and Wayne landed the pig-skin in safe territory four times each. Wayne was in the box and was a puzzle Huntington could not solve, striking out fifteen men. Huntington's two runs were scored in the last inning. Fitzpatrick and Smuck played fast ball for the Shamrocks. Ford and Frary were in the points for the Huntingtons, Wayne and Braiden officiating for the Shamrocks.

The Shamrocks are playing Rochester this afternoon, Robbins doing the pitching. On Decoration day at Payne, Ohio, Robbins and Eising will be in the points.

ROBISON PARK LEAGUE RULES.

The National league rules shall govern the games played by the teams of the Robison Park league.

The Spaulding ball shall be used in all games played by the Robison Park league.

The managers of the several teams must send the names of all players signed for the season to the president on or before June 11, 1898.

No player of the Robison Park league can legally play with another team of the said league until notice of his release shall have been sent to the president.

No player who has been released by the club with which he originally signed after having played with another team of the league, can be legally resigned by the club which introduced him to the league. Any game in which he plays illegally will be forfeited to the opposing club.

No changes can be made in the personnel of Robison park teams after August 6, 1898, without the consent of the board of arbitration.

Permission to sign new players after June 11, 1898, must be obtained from the board of arbitration.

Professional players cannot be legally signed by Robison park teams. Decision as to whether players will be recognized as professional players or not will be made by the board of arbitration.

Teams setting dates for out of town engagements which interfere with the regular scheduled games will forfeit scheduled games unless notice is officially given the president the first Friday before such scheduled games.

NOTES.

Manager Strobel has released Pitcher Engle.

The Keystones have signed Thomas Quinn, the pitcher, late of the Shamrocks.

Mrs. Warner, the wife of Umpire Warner, knows the game from start to finish and scores every game her husband umpires.

Manager Torreyson has released Schrall and Nordyke and signed Grant, second baseman, who played with South Bend last season.

The West Side Juniors defeated the East Berry streets yesterday afternoon by a score of 2 to 0. The feature of the game was the batting of F. Conover.

Youngstown Telegram: "Goat" Fitch, who has been playing shortstop for Fort Wayne, was released yesterday. Looks very much as if Frank was playing too fast a game for the Farmers. His work has been brilliant and his release comes as a surprise to those who have been watching him.

Toledo Commercial: "Manager Strobel came in from Fort Wayne last night. Charley is not generally a kicker, but he says the game yesterday was stolen from his team, as the score should have been 1 to 0 in favor of Toledo. He says Fort Wayne got the runs that won the game by two men leaving bases before Smith caught a ball in the outfield. The umpire allowed the proceeding. O'Meara was on third base and Jerry McDonough had the ball. O'Meara asked to be allowed to examine the ball, and, being the captain of the team, Jerry complied with the request. O'Meara covertly threw the ball out into the field and walked home. Manager Strobel has sent President Power word that he will protest the game for two reasons; that the men ran off bases before the put-out was made in the field and the action of O'Meara in throwing the ball into the field." Hear 'em holler.

MRS. DAY RECOVERS.

Wife of the Secretary of State Returned to Health.

CLEVELAND, Ohio, May 27.—Mrs. William R. Day, wife of the secretary of state, who has for some time past, been under treatment at the Cleveland General hospital, is rapidly recovering and will soon be fully restored to health. Mrs. Day expects to leave the hospital within a few days, and after a brief visit at Canton will probably go to Washington.

LIFE IN THE CAMP.

How the Fort Wayne Boys Fare at Camp Thomas.

Are Getting Plenty to Eat, Plenty of Drill, but Find the Discipline Rigorous—A Letter from Camp.

HEADQUARTERS TWENTY-EIGHTH BATTALION, 18TH. VOL. INF.
CAMP THOMAS,
CHICKAMAUGA PARK,
LAFAYETTE CO., GA.
May 23, 1898.

Since the military companies of Fort Wayne became regular soldiers for Uncle Sam they have seen a little different camp life than when they were members of the Indiana national guard. They were at Camp Mount only a couple of days under the United States service. The Fort Wayne boys were all included in the orders to move to Chickamauga Park and the old Zollinger battery and the old Indianapolis light artillery, now respective the fifty-eight and fifty-seven light batteries, Indiana Volunteer, were loaded on the same train. The trip from Indianapolis to Chattanooga was a grand treat to the young soldiers. The train left Indianapolis Sunday night about 9 o'clock and arrived at Chattanooga at 3:30 Monday afternoon. The boys were up all awake at daybreak while the train was running through Kentucky and they watched the scenery eagerly as the train continued on its way south.

The artillerymen were obliged to lay over in the railroad yards at Chattanooga all of Tuesday night, but were started out again at daylight towards Chickamauga park. They were all unloaded four miles from the park, and eating breakfast were marched the rest of the way up to the park. This march up the mountain to the camp quarters was one of pleasure for the boys. They were allowed frequent rests in the shady woods along the side of the road, and satisfied their appetite and appeased their thirst from the numerous water wagons along the road. Buttermilk was cheap, so was sweet milk, and the soldiers all drank heartily. This march of about four miles was completed after nearly three hours of slow moving, and arriving at the camp quarters the men immediately set about preparing their own meal.

Before the march was commenced each soldier was supplied with bread, corn beef and beans, and on the road many purchases of eggs, butter, onions, cakes and pies were made. Mess time found the boys spread out on the ground or leaning up against a convenient tree, with their dinners spread out before them. After mess they roamed around in the woods and passed the time as best they could until about 6 o'clock, when the mule wagons arrived with the tents, and then the work of putting up the tents commenced. Since that hour the men have been kept busy most of the time.

The camp is rapidly assuming more of a military discipline, the bugle calls are more frequent, the drills are longer and harder, and laidime and "getting up" time are earlier.

The morning drill is from 9 to 10:30 o'clock, and at this time the whole company is taken out and drilled in marching up and down the hills, across roads, jumping across creeks, and this all done in the hot sun.

The weather down here so far has been quite tolerable, although a great deal hotter than at home. The men are all keeping surprisingly well, only two in the company complaining today and neither are obliged to be in the hospital. The water and food is the best that could be expected and plenty of it. So far the military life has been one of vacation for the Fort Wayne boys rather than active service.

What spare time the men have had they have devoted to making flower beds in the street in front of their tents. Some very pretty designs are represented. One section has the cross cannons represented; another section has a heart shaped design, and another section is a very pretty design with the name of the company and number of section worked out with fine pieces of stone.

Troops are still marching into camp and matters are rapidly assuming a war-like aspect.

The Fort Wayne battery boys expect to be equipped within a few days.

NOTES.

Private Ormonde C. Davies has been appointed company mail carrier. He has had to walk two miles to the postoffice and back twice a day and has entered a kick for a government mule.

Sergt. George Durfee says he wants to break in a mule for Sergt. Fred Benne. He guarantees a sure break (of Benne's neck.)

Christ Weller has an appetite like a bear. He and Ed Buck have been pushing an Irish buggy for a few days, cleaning up company quarters.

Frank Bradshaw, cook for the officers, is establishing quite a "crop," as a boxer, and Corporal Charles Mangen can wrestle any man of his weight in the company.

A Fort Wayne newspaper in camp is now cause for a roommotion. Sergt. John Jones suggests that the Fort Wayne papers put our company on the mailing list.

Friends of the battery boys are requested to cut out the address of the company and address all letters carefully.

HEAVY-WEIGHT CYCLIST.

"Big Joe" Grimes Coming Here Tomorrow.

"Big Joe" Grimes, of Cleveland, traveling salesman for the Cleveland Bicycle company, will tomorrow be the guest of Louis Mohr and will be at the store of that gentleman, on West Wayne street, a greater portion of the day. Mr. Grimes weighs 555 pounds and is undoubtedly the largest cyclist in this country, his only competitor for that distinction being "Baby" Hiles, who weighs 520 pounds. Of course, Mr. Grimes rides a Cleveland and wherever he goes he takes his wheel with him and gives an exhibition of his skill. Tomorrow he will make a tour of our paved streets.

BOARD OF WORKS.

The Members Discuss the Proposed Street Improvements.

Holman Street Petition Laid Aside Indefinitely—Many Bids Opened and Contracts Let.

The board of public works, at its regular meeting last evening, discussed the petitions for asphalt on Cass, High and Holman streets. A petition signed by more than thirty property owners on High street asked for asphalt. Some of these names were on the petition for brick, but are favorable to the latter pavement. After considering the petitions they were laid over until the next meeting when the board will probably adopt resolutions for asphalt on Cass and High. The Holman street improvement has been indefinitely postponed. A petition is in for a pavement from Calhoun to Clinton, but some property holders want the pavement to extend to Lafayette, while others oppose the extension. The board will probably not act in the matter until a majority petition for at least more than one square.

The board received the following bids for lumber for new flooring on the West Main and East Columbia street bridges: Fuhrman & Co., 12 cents per foot; Fred Bandt, $6.50 per thousand feet; Charles Franke, $43 for lumber for Main street bridge and $61 for the Columbia street bridge; Owen Thompson, $30 for both bridges; William Hankman & Son, $45 for Main and $62 for Columbia; Henry Teier, $180 for both bridges. The proposals were taken under consideration.

Bids on other improvements were received as follows:

For grading Andrews street, from Fourth to Huffman—George Wilhelm, 61 cents per foot; John Draker, 55 cents; Julius Romm, 60 cents; D. E. Moellering & Co., 61 cents. The contract was awarded to Wilhelm.

For constructing a sewer on Barthold, Fourth and Andrews streets—John Draker, 55 cents; W. H. Cotting, 77 cents; Moellering & Co., 84 cents; Antou Ring, 98 cents; J. Derheimer, jr., $1.03. The contract was awarded to Draker.

For placing six street washers in Reservoir park—Emmett Martin, $75; F. Zimmerly, $54; Henry Franke, $48; Hattersley & Sons, $10.17; McDonald & Yolst, $60; Martin Noll, $68.10. The contract was awarded to Hattersley & Sons.

A petition for a sewer in the alley between Third and Fourth streets, from Barthold to the west line of lot 14, Clark's addition, was received and plans were ordered.

A petition asking that High street, from Wells to St. Mary's avenue, be paved with asphalt, was received and placed on file. Charles Pape, who had petitioned for brick, appeared, and stated that he would prefer asphalt. The matter will be acted upon later.

A communication from the council, embodying resolutions instructing the board to compel the Nickel Plate railroad to pave the space between the tracks on Clinton street with brick, and ordering the street railway company to repair the Superior street pavement, or that part of it lying between the tracks, was received and filed.

U. D. Law, superintendent of the Pennsylvania, asked the board to allow the paving contractor for Calhoun street to pave the approach to the south depot, and assess the cost against the company. The request was filed.

A communication from City Attorney Shambaugh, approving the contracts with the Alcatraz Construction company, and the bonds submitted by that company, was received and spread on record. Mr. Shambaugh stated that the contracts and bonds were properly drawn up and covered all necessary points fully.

The assessment roll in the matter of widening Creighton avenue at its intersection with Hoagland avenue, was brought up, but approval was deferred pending the settlement of some disputed points.

A petition asking that bicyclists be allowed to ride at speed faster than four miles per hour on the driveway at Swinney park, was received, but no action was taken.

SWIFT'S SPECIFIC

is far ahead of any blood remedy on the market, for it does no added harm. Does not contain injurious, and leaving no ill effects. Purely vegetable. Reaches disease. Eliminates all poisonous matter from the blood—and all specialized blood troubles fail to reach. It is a real blood remedy for self-blood diseases.

Mr. Jas. Smith, of Greenville, Ind., writes: "I had such a bad case of boils I was afraid that I should absolutely be disfigured—unable to do any business to speak of in any way. I took many potent medicines, but got no relief and much trouble. One dozen bottles of S. S. S. cured me sound and well, and now weigh 170."

The B. of L. E. Changes Insurance Laws.

Big Pole Raising at the Fort Wayne Monday — Funeral of Sheppard John Slater.

The insurance association of the Brotherhood of Locomotive Engineers has adopted the committee report changing the rules of the association to conform with the Ohio laws, under which the association is registered. The question of establishing an indigent fund was deferred until the next biennial meeting.

A LITTLE GIRL KILLED.

Payne, Ohio, was the scene of a terrible accident last evening, when Minnie Evans, the ten-year-old daughter of residents of that town, was instantly killed by the engine which was hauling Nickel Plate train No. 4. As the child was crossing the tracks, she became conscious of the nearness of the train, which she had failed to notice before, and was immediately paralyzed with fright. Engineer Thomas Peters, who was at the throttle, saw the child's danger and in the few seconds that intervened he blew the whistle repeatedly, but the little one was evidently unable to move. She was killed instantly and terribly mangled. The train-men carried the bleeding form into the home of the grief stricken parents.

TRAINMEN HURT.

Nickel Plate train 39, second section, broke in two at McComb, Ohio, yesterday and the parts crashed together with terrific force. Conductor D. B. Denbow, who was in the caboose, was thrown down, receiving several cuts on his face, and Brakeman William Mollman was thrown from the top of a car and severely injured. There was a long, deep cut on the side of his head and another on his face and he was bruised about the body. He was compelled to relinquish his run and return to Bellevue on passenger train No. 6. Mr. Denbow was not so seriously injured and he was able to bring his train in.

WRECK AT HOBART.

No. 5, the Nickel Plate westbound flyer, struck a cow near Hobart at 7:30 o'clock last evening. The animal got under the wheels, threw the engine from the rails and the huge machine turned over on its side in the ditch. Engineer Dennis McCarthy and Fireman Orin Shouff jumped when they saw that the engine was going into the ditch. Mr. McCarthy escaped injury and his fireman was only slightly hurt; one of his wrists being cut and sprained. The tracks were completely blocked and it was 2 o'clock this morning before the blockade was lifted. The wreck crew from Stony Island was called to the scene.

ROBBED A FREIGHT HOUSE.

Yesterday Lieut. W. M. Somers went down to Van Wert to investigate a robbery said to have been committed at the Pennsylvania company's freight house in that city. Two butts of tobacco, weighing eighty-four pounds, had been taken and the evidence indicated that the theft was the work of novices. Lieutenant Somers soon got on the track of the guilty parties and in a few hours had seven boys arrested. They ranged in years from twelve to eighteen and confessed to the theft when they found that the evidence was against them. One of the lads was tried yesterday and bound over to court and the preliminary trials of the others are in progress today. A good portion of the tobacco was recovered.

SHOPMEN'S FLAG RAISING.

The employes of the east car shop have completed arrangements for their patriotic demonstration Monday morning. The flag staff will be erected on the south gable of the car shop and it will be seventy-five feet above the ground. The flag is one of the prettiest in the city, being constructed of the best bunting material and 10x15 feet in size. Col. R. S. Robertson has consented to make the address, while W. H. Woodruff, chief clerk at the shop, has been chosen chief of ceremonies. The Adams township band will furnish the instrumental music and the Miller Brothers quartet will sing several patriotic songs. The exercises will commence promptly at 9 o'clock.

FUNERAL OF JOHN SLATER.

The funeral ceremonies over the remains of the late John Slater will be conducted by Rev. L. L. Henson at the late home of the deceased, 196 Fairfield avenue, at 12:30 o'clock Sunday. Interment will be in Hollers Corners cemetery, twelve miles from the city, about 3 o'clock. The shopmen will attend the house ceremony and some of them will accompany the remains to the cemetery. The pall bearers will be chosen from the orders of which the deceased was a member.

General and Local Gossip.

Pittsburg engine 402 was taken in the shops this morning for repairs.

Machinist Charles Agster, of the electric works, yesterday purchased a new bicycle.

The Machinists' Social club will hold a meeting at the hall next Sunday afternoon.

President Newman made his first official visit to Fort Wayne this morning, coming in on a special train and remaining an hour or two. He was accompanied the division by officials from Hollsdale.

Brakeman F. L. Stump, of the Nickel Plate, is laying off to attend to some business at Bellevue.

Engineer and Mrs. J. Shelley went down to Rome City this morning to open up their cottage for the season.

Engineer Tim Short and Brakeman W. C. Ralfolts, of the Nickel Plate, are taking a few days' lay off.

Enoch Cox, storekeeper at the Pittsburg shops, is in Chicago today on business connected with his office.

The relief department of the electric works has postponed its semi-annual election until next Thursday evening.

C. M. Tindall, who was at Van Wert on a rail estate deal, resumed work on the Nickel Plate yesterday. He is a brakeman.

Today some interesting tests of a duplex pump are in progress at the Centlivre brewery. The pump was devised by Louis Centlivre.

Frank Beck, tinner at the Pittsburg shops, was struck by the handle of a wrench yesterday and severely bruised about the eyes.

General Manager L. F. Loree, of the Pennsylvania company, was here this morning, coming from the west on one of the early trains.

J. J. Collins, plumber at the east shops, resumed his duties this morning, after several days' absence on account of private business.

Fuel and Engine Inspector G. M. Burns and Trainmaster C. E. Wells, of the Wabash, were in the city this morning. Mr. Burns resides in St. Louis.

G. P. Lysinger, a construction man in the employ of the Electric corporation, has returned from Zanesville, Ohio, where he installed a lighting plant.

S. A. Blount, shop clerk of the Lake Erie and Western, went to Celina, Ohio, today to visit relatives a week. He was accompanied by his wife and daughter.

Among other shipments from the electric works this morning were a 1,500-light dynamo to F. E. Drake, Cleveland, and a 400-lighter to Louis Sands, Manistee, Mich.

Claude Moore has been transferred from the east paint shop of the Pittsburg to the store room, to take the place of T. J. Kelker, who resigned a few days ago.

The Lake Shore road's surplus, after all charges for the quarter ending March 31, was $1,069,100, against $776,387 last year, and against $859,350 in 1896.

General Manager L. F. Loree addressed the claim agents, now in annual session at Indianapolis, upon the subject of the Pennsylvania company's police system.

Within the last few days the Pennsylvania road turned over to the Panhandle at Pittsburg, twenty-nine trains of soldiers, and they were taken through to Chicago without a scratch or injury to passenger or car.

The Brotherhood of Locomotive Engineers rejected the proposition to federate with the other railway organizations. The question came before the semi-annual convention, now in session at St. Louis, and it was nearly a unito against federation.

Last evening, on No. 8, Machinist Charlie Solbt left for Connecticut, where he will be engaged several months in installing steam plants for five parties. The machinery was built at the Ross works, where Mr. Solbt has been employed for a number of years.

The city council of Terre Haute wishes to open a street through the yards of the Evansville and Terre Haute and the railroad company says if the city will pay $326,000 the street may go through. The matter will likely go to the courts for adjustment.

The Pennsylvania employe's excursion committee, which is composed of the foremen of the departments, held a meeting in T. J. Rodabaugh's office this afternoon and discussed the annual excursion to Rome City, which it is proposed to give in June, probably on the 15th.

The Western Passenger Association has made final arrangements for rates to the Cincinnati G. A. R. encampment. The lines agreed that in all territory where two or more roads compete for the business the rate should be fixed at a single fare for the round trip. In non-competitive territory the original rate of a single fare, plus $2, will stand.

Three years ago M. W. Mansfield, superintendent of the Indianapolis and Vincennes, notified farmers along the line that the man who painted his house and barns, whitewashed his fences and brightened things up after the style of the farmers in Eastern Pennsylvania, would, on June 1, 1898, be presented with a pass over the road. The pass will be sent to the fortunate ones on Monday. The improvements in this direction along the line are very striking.

CHURCH MUSIC.

Presbyterian Assembly Gives It Attention.

Report of the Board of Church Erection Presented—Discussion Before Public While-speaking.

WINONA LAKE, Ind., May 27.—In the Presbyterian general assembly today devotional exercises and miscellaneous business occupied the first hour. One item was the declaration of the adoption of an amendment to the constitution of the church, placing the music of the church under the complete direction of the church session.

The regular order of the day was the report of the committee on the board of church erection, presented by Dr. H. W. Perry, San Leandro, Cal.

It showed slight increase in the total of contributions, the number of contributors being larger, but the average contribution smaller than last year.

The number of applications for aid has also been reduced somewhat, but a total of 213 churches had been aided in some way, to the aggregate of $128,421.

The total value of churches and manses completed with this aid was $123,827.

The total amounts asked for aggregated $151,788, from 193 applicants.

The income of the board had been $81,191 for the general fund from all sources, $46,714 having been contributed by the churches.

The manse fund received $16,771 and the loan fund $31,253, a part of which consisted of returned loans. The whole income was $129,215.

During the twelve years since the manse fund was started 438 houses have been erected by means of aid aggregating $161,322. The operations of the board had resulted in securing reversionary rights in properly amounting to two millions of dollars.

Since the inception of the board in 1816 the total of expenditures has been 29,462,320, according to the church property to the value of fourteen millions.

After the presentation of the report the assembly was addressed by Dr. Perry and by Dr. Erskine N. Hewitt, secretary of the board.

One hour was occupied with the report of the committee on temperance. The usual recommendations were made, but the committee recommended no action on several overtures regarding Princeton university. This did not satisfy the whole committee, a part of whom introduced a supplementary resolution. While disclaiming special reference to Princeton, it indicated the position of the assembly and was adopted with a shout.

Its text was as follows:

"The assembly calls upon all parents and teachers to exercise increased diligence and watchfulness over themselves and those committed to their care in respect to intemperance, in order that our homes and schools may be purged of the evils of intemperance and the drink traffic be driven from our land, and this without reflection upon any collegiate institution."

GOVERNOR BEAVER PAINTED.

A tragedy almost closed the afternoon session of the assembly yesterday and for a few moments it was feared a human life had gone out. Attendants at the Detroit assembly recalled the sudden death of Judge Breckinridge, of St. Louis, who fell dead upon the platform in the midst of his speech. Yesterday the speech of ex-Gov. James A. Beaver, of Pennsylvania, was cut short by a fainting spell and he would have fallen if not caught by Dr. Roberts, stated clerk. He had been speaking at the Westminster anniversary upon "Presbyterian Churches and the People," and in closing pointed to the national flag and said he saw federal and confederate generals marching under the same banner. Then he exclaimed "God speed the day——" when he was seen to totter and grasp the pulpit for support. He slightly recovered himself and repeated the words, but stopped again. Then, supported by the clerks, he succeeded in saying "God speed the day when we of northern and southern Presbyterian churches shall unite to carry forward the gospel of the Son of God as our national forces have united the north and south to carry freedom to the ends of the earth."

Then he sank back into a chair and a physician was called. Shortly afterward Clerk Roberts made the welcome announcement that General Beaver was recovering rapidly. For a time excitement was intense, but speedily the audience was dismissed with a final hymn and benediction.

DEWEY DAY.

Kansas City Celebrates the Manila Victory With a Great Fete.

KANSAS CITY, Mo., May 27.—This is Dewey Day, set apart by the city council for the celebration of the victory of Manila Bay.

Both Kansas Cities joined in making it the most popular demonstration ever held here, and crowds from a dozen surrounding Missouri and Kansas towns lent their aid.

The street parade was the feature of the day. It contained no less than 30,000 people. Of this number 10,000 were school children, who marched eight abreast and formed a division a mile long, each child carrying a flag.

A float bearing a model of the battleship Olympia, manned and complete, brought forth volleys of hurrahs from the thousands who lined the streets, while another float arranged by the Indians of the city and representing Cuba, with Weyler crouching before Uncle Sam, was hastily shooed.

All the civic societies in the two cities, chief among them being 6,000 Modern Woodmen, hundreds of G. A. R. veterans and others, interspersed with sixteen bands, completed the army.

The line of march was profusely decorated and the most intense enthusiasm abounded. Addresses in the afternoon by Major William Warner, Judge John F. Philips, the presiding officer of the day; Bishop J. J. Hannon and other prominent citizens closed the exercises.

MONEY FOR TARS.

Twenty-one Spanish Prizes Condemned and Will be Sold.

KEY WEST, Fla., May 27.—The blue jackets of Admiral Sampson's ships will get their prize money. Judge Locke, United States district court, has condemned twenty-one of the twenty-nine Spanish merchantmen in Key West harbor and ordered the vessels' cargoes to be advertised for sale to the highest bidder by United States Marshal Horr. The notices must run thirty days before the auctioneer takes command of the ships. The "jackies" do not expect to see the money before the Fourth of July.

"The twenty-one prizes condemned include the Argonauta, Ambrosio and the Bolivar. The smallest steamers in the list were the only ones put in the list, while the battle over the rich liners, the Panama, Catalina, Miguel Jover, Pedro, Guido and Buena Ventura, is not finished.

The lawyers of the defense are still hopeful, but the opinion prevails that the contraband of war reservation in the president's proclamation will bring all under the hammer.

POWDER MILL EXPLOSION.

Four Mill of the Hazard Company Lets Go and Kills One Man.

HAZARDVILLE, Conn., May 27.—The Corning mill of the Hazard Powder company, in which fuses were prepared, exploded today. Alfred Dhunden was killed and Foreman James Colburn was seriously injured. The mill was a small building, one of a hundred constituting the Hazard Powder company's plant.

The Wednesday Pedro club held a picnic meeting yesterday afternoon at Maple Heights, the home of Miss Hunstis. Progressive pedro was enjoyed till 6 o'clock, when an elaborate five-course dinner was served. Miss Julia Rudolph won the first prize, a cut glass and silver box, and the consolation prizes, small silver horns, were won by Miss Cecilia Graffe and Miss Clara Rudolph. The substitutes were Miss Mayme Kern and Miss DeEtta Davis. The following officers were elected to serve during the coming year; Miss Elizabeth Rudolph, president; Miss Bertha Hunstis, secretary and treasurer. The club adjourned for the summer months.

Miss Anna Nebor, of No. 12 Francis street, was delightfully surprised by a host of her lady friends last Wednesday evening, the occasion being her twenty-second birthday anniversary. Many games were played, after which a dainty luncheon was served. Miss Anna was given a very handsome present. May her future be ever heightened by such happy events, was the wish of the guests present.

FOR THIS EVENING AND TOMORROW.

Fresh Eggs.
Extra Fine Grass Butter.
Another extra fine car of Northern Michigan Beauty Hebron Potatoes at 55c per bushel.
THE NEW KEYSTONE,
235 and 240 Calhoun St.

Charles Wilkins died at the county asylum yesterday afternoon from cancer of the stomach. He was sixty years old and was an inmate of the institution for many years. He has no known relatives.

DREADED RHEUMATISM.

A Wonderful Remedy Has Been Found That Has Never Failed.

Cured a Texan After Forty-three Years of Painful Misery.

Renewed interest has been given to Gloria Tonic, the new rheumatism cure, by the results of a recent test at Seguin, Tex. John A. Smith, of Milwaukee, Wis., the proprietor of the remedy, forwarded a package to the family of Mr. Bertram, of Seguin, who had been troubled with rheumatism forty-one years. He was then in a critical state, could neither lie down nor walk and had exhausted every known remedy and baffled every doctor who treated him. The first two or three days showed a marvelous improvement and at the end of two weeks he was entirely cured, had gained nine pounds in weight and was as elastic and active as a young man of 20. In many hundreds of cases the results have been the same. Reports of these cases and circulars telling about Gloria Tonic will be sent free for those who write for them.

Gloria Tonic is made by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis., and is for the cure of rheumatism only. For sale at all druggists at $1.00 a box. Testimonials and a trial package are mailed free to all who will send Mr. Smith their name and address.

LOCAL NEWS.

H. J. Meyers of Muncie, is in the city.

H. G. Macy, of Bluffton, was in the city today on business.

John R. Wilkes, of Logansport, was in the city last evening.

Charles Stellhorn today celebrated the sixtieth anniversary of his birth.

J. R. Galloway and F. W. Hill, of Garrett, were in Fort Wayne last evening.

This morning occurred the death of the six days old child of Mr. and Mrs. J. A. Peters, of Superior street.

Mrs. Maggie Halsey and baby, of Battle Creek, Neb., are the guests of Mrs. F. Flanigan, of 180 Grady street.

Dr. Martz has returned from Indianapolis, where he attended the annual meeting of the State Homeopathic society. He was elected first vice president.

Manager O'Meara states that Shortstop Hickey will go back to center field, Spencer to shortstop and Bolton will not play. Whitridge will do the twirling.

Chairman Beach has called a meeting of the council committee of the whole for next Tuesday evening to consider the proposed annexation of certain property to the city.

Dr. Boswell was called in the country, near Sheldon, on Wednesday and Thursday, to consult with local physicians in the case of Mrs. Roller, who is seriously sick with peritonitis.

The High school A. A. A. is holding its annual field day exercises this afternoon at the driving park. A good program has been prepared and the athletes of the association have been in training for some time for the occasion.

The following building permits have been issued: John Forting, dwelling on lot No. 125, Williams' addition, cost, $2,200; S. M. Foster, dwelling on lot 397, Lakeside, to cost $1,000; Otto Bengs, dwelling on lot No. 1, Barbour's sub-division, to cost $1,000; Otto Bengs, dwelling on lot No. 2, to cost $1,200.

Chairman P. A. Randall has called a meeting of the street carnival and fair committee, which will be held tonight in the parlors of the Randall hotel. The members of the committee are much encouraged at the outlook and believe there will be exhibited interest enough in the event to insure its complete success.

Wednesday evening, May 25, at the home of the bride's parents, Mr. and Mrs. Warren McKee, at Rhoden, occured the marriage of Miss Helen Virginia McKee to Mr. Hanson T. Mace, of Saybrook, Ill. Elder Simpson, of this city, officiated. They will reside in Saybrook, Ill., where Mr. Mace is engaged in the newspaper business.

Theater Hats Again.

Manager—So you want to be an actress? Aspirant—Yes; I want to elevate the stage. Manager—No need of that, my dear young lady; it is high enough, if you ladies will only remove your hats.—Judge.

Sending Wine to India.

A somewhat unusual export is reported this week in the shipment of 115 tons of American sulfur to Calcutta. The metal is from the mines and works of the Bertha Zinc company in Virginia, and the order came from the Indian ordnance department. The requirement was for zinc of exceptional purity.

A Strange Custom in India.

London Morning Leader: Indian papers tell of the custom which is being observed with great ceremony now by all visitors to a new-born baby of the royal family of Mysore. Every lady who is a friend of the family is expected to lay upon the shrinking infant a gold piece, usually a sovereign. The collections the three days amounts to a large sum, and it belongs to the nurse, who is expected to tip the servants out of it.

American Work in London.

The new London and suburban electric railway extends six miles into the heart of that city and is to cost $15,000,000. The designing engineer was an American; the locomotives, motors, generators and rotary converters are being built at Schenectady, N. Y., the cranes at Milwaukee, the air-brakes at Pittsburg, the car couplers at Chicago, and other appliances in various portions of the United States.

The Longest and Shortest Days.

At London and Vermon the longest day has sixteen and one-half hours. At Stockholm, Sweden, it is eighteen and one-half hours in length. At Hamburg, in Germany, and Dantzic, in Prussia, the longest day has seventeen hours. At St. Petersburg, Russia, and Tobolsk, Siberia, the longest day is nineteen hours, and the shortest five hours. At Torneo, Finland, June 21 brings a day nearly twenty-two hours long, and Christiana one less than three hours in length. At Warbury, Norway, the longest day lasts from May 21 to July 22, without interruption, and in Spitzbergen the longest day is three and a half months.

Facts About Gibraltar.

The greatest fortress in the world is undoubtedly Gibraltar. The height of the rock is over 1,400 feet, and this stupendous precipice is pierced by miles of galleries in the solid stone, port holes for cannon being placed tier on tier, at frequent intervals. The rock is perfectly impregnable to the shot of an enemy, and by means of the great elevation, a planetary fire can be directed from an enormous height upon a hostile fleet. A garrison of from 5,000 to 10,000 soldiers is maintained, with provisions and ammunition for a six months' siege.

HIDDEN BEAUTY

is often revealed in the human face by the removal of those disfigurations called pimples, blotches, eczema, ringworm, scaly skin, itching humors and scaly scalp. Only the most refined and delicate skin soaps are suitable for such skins. Heiskell's Ointment and Heiskell's Soap are beautifiers of the highest order.

HEISKELL'S OINTMENT

To keep the complexion clear, fresh and beautiful, remember all minor blemishes are unnecessary.

HEISKELL'S SOAP.

Both soothing and healing in its effect. Sold by druggists. HEISKELL & CO., Jackson, Tenn., & 241 Commerce St., Phila.

NEWS NOTES.

J. W. White was in Huntington yesterday.

Miss Lucile Porter left for Chicago today for a short say.

Mrs. Leopold Schloss, of Lafayette, is visiting the family of Mr. E. Strauss.

Born, to Mr. and Mrs. Edward Soerling, of South Calhoun street—a daughter.

Mrs. J. F. Wing and daughter, Marguerite, are visiting friends in Jackson, Mich.

Mr. and Mrs. Joe Ruhlo, of Payne, Ohio, are the guests of Mrs. Amelia Brunbach today.

Cadet Victor Nussbaum, of the United States Naval academy, Annapolis, is at home on leave.

The Sons of Veterans have engaged the Wayne Tent band to play for their Decoration day exercises.

The Y. W. C. A. Bicycle club will take a run to New Haven this evening, starting from the association at 6:15.

The Universal Brotherhood meets this evening at their rooms, 32 Calhoun street. All are welcome to attend.

Mr. and Mrs. Emanuel Zorkusch have gone to Little York, Pa., to attend the funeral of Mr. Zorkusch's sister.

Mrs. Mary Fleming, who has been the guest for a few days of Mrs. Helen Fleming, returned to Indianapolis yesterday.

Mrs. M. W. Freeman, who is the guest of her parents, Mr. and Mrs. Max Rubin, will return home to Brooklyn Sunday evening.

Mrs. S. J. Straus, of Ligonier; Miss Irma Becker, of Albion, Neb., and Miss Gertrude Becker, of Mitchell, S. D., are guests at the Randall.

Mr. and Mrs. Elwin Dalman have returned from Erie, Pa., to this city to live, and will soon be at home in their residence on West Creighton avenue.

The regular meeting of the Trades and Labor Council will occur this evening. Business of importance will come before the meeting and every delegate should be there.

W. A. Fowler, of No. 82 Home avenue, received a telegram this morning stating that his brother's wife at Newark, Ohio, had died. Mr. Fowler left for Newark at noon.

Owing to the absence of C. D. Law from the city, the board of directors of the Fort Wayne Athletic club did not hold a meeting last night, but decided to meet on Saturday evening.

The Huntington News-Democrat: "Miss Henrietta Marx went to Fort Wayne this morning to spend several days visiting with friends.—Hugh Wilson, of Fort Wayne, is a visitor in the city."

Dr. W. H. Myers was called to Auburn, Wednesday, to perform an operation upon an eight-year-old lad for appendicitis. The doctor returned to Auburn, yesterday, and found that the operation had proven successful.

Mr. and Mrs. G. W. and Mr. and Mrs. A. J. Stephens left yesterday for an extended visit in Cleveland, Wheeling and Grafton, W. Va. They expect to be gone five or six weeks. Grafton is their old home, and this is their first visit for three years.

Mrs. Christina Fahlsing celebrated the eightieth anniversary of her birth yesterday at the home of her son, August. Mrs. Fahlsing has been a resident of this city and yesterday saw seven children, with a large number of grandchildren and twenty-two great grandchildren gathered at the family reunion to do homage to the "grossmutter's" four score years.

WHITE FRONT HOUSE.

Peter Smyser went to Toledo this morning.

Born, to Mr. and Mrs. Walter Thompson, of Marion township—a daughter.

Mrs. J. H. Meyers, of Columbus, Ohio, is visiting her mother on Jackson street.

Mr. and Mrs. Edward Moriarty, of Brazil, Ind., are the guests of Mr. and Mrs. P. E. Cox.

Mrs. W. M. Glenn and Miss Grace Glenn have returned from Winona, where they spent a few days.

George Cummerow, of Chicago, who has been home for the past week, will return home tomorrow.

The Woman's Missionary society of the Westminster church will meet in the chapel this afternoon at 3 o'clock.

Elon S. Rose post will meet tonight for the last time before Decoration day and the membership should be well represented.

Mr. Gottfried Biedamann, of 25 John street, returned yesterday afternoon from the death bed and burial of his wife at Wolf Lake, Ind.

Winton Bennett, of the Union Pacific Tea store, went up to Auburn this morning to attend to some business which will engage him several days.

John Hayden went to Rome City this morning to make arrangements for sending his family down there for the season. He has a cottage at the resort.

Mrs. Gordon LaRue returned to her home in Indianapolis this morning, after several weeks' visit with Mr. and Mrs. Manning Smith, of 235 East Wayne street.

Members of Anthony Wayne post No. 271, G. A. R., will meet at their hall Sunday afternoon to proceed in a body to the Masonic Temple to attend memorial services.

Jno. F. Noll, son of Jno. G. Noll, will be ordained to the priesthood, at the Cathedral, on Saturday, June 4th, indeed of June 21, as heretofore announced, and he will celebrate his first mass Sunday, June 5.

The entries for the ten-mile road race to be given by the Randall Cycle company on Decoration day were closed yesterday. Following are the riders who will start: A. G. Keel, W. B. Thornton, H. B. Hadley, Frank Mills, Kenneth Lawhill, Vincent Dawson, Paul Webber, Charles Pearson, John Mills, Leon Wheeler, Charles W. Long, Charles Hughes, Harry Fitzpatrick, Cliff Boyers, S. Ungerer and Honey Niemann. The handicappers are Messrs. Harry Pickard and Willis Sauder.

The feast of Pentecost was celebrated by the Jewish people today with appropriate services, and a number of children were confirmed at the Pentecostal services which were held in Temple Ashduth Vashalom at 10:30 this morning. The children were Bertha Chasko, Lillian Hirsh, Joseph Goldstine, Edwin Rubin, Arthur Rothschild, Edgar Linrat and Chester Nathan.

Fresh Fish, Pickerel, Trout and Perch.

Remember our Fresh Meat Market.

THE GREATEST GROCERY.

Don't Guess the Estimate of the Game.

"Blanche," he said, tenderly, "I am a silver man. I must tell you that." "What care I for your metals?" she cried. "As long as you are a populist who can pop—and has popped—I am happy."—Harper's Bazar.

GRAND OPENING.

Joe W. Bell will show the finest line of Carriages ever shown in Fort Wayne tonight, tomorrow and tomorrow night. Everybody invited. 27tf

Have you seen the 25c ballbriggan underwear at Reuben S. Patterson's. It is the talk of the town.

TURN OUT, CITIZENS.

The Olds Wagon Works Employes Claim Your Presence Tomorrow.

The employes of the Olds Wagon works cordially invite the public to participate in the flag raising at the works tomorrow afternoon at 3 o'clock. A platform will be erected, from which able speakers will address the people, and other entertaining features will be given. The wagon works employes have the honor of having the tallest flag staff and the largest flag in the state and they want to "dedicate" them in a unanimous most befitting such a patriotic demonstration. Come out, citizens, and encourage the "shops" in their commendable work.

R. B. Rossington went to Rome City this morning.

Mr. Herman Boester, the Broadway housemover, has added a new chute to his shop, thus making three chutes. Hereafter he can accommodate his customers more quickly than before.

Straw hats from 3c to $2.50 at Reuben S. Patterson's.

For Saturday's Trade.

Best Michigan Potatoes, 85c bu.
Fresh Country Butter, 10c lb.
Eggs, 10c dozen.
Dressed Chickens, 10c lb.
Fresh Cucumbers, Beans, Peas, etc.

We will receive a large shipment of Strawberries in the morning at low prices.

COLEMAN & ARCHER.
21 Harrison street.

Have you seen the 25c ballbriggan underwear at Reuben S. Patterson's. It is the talk of the town.

ROBISON PARK.

Change Made in the Entrance.

Six Hundred Free Seats at the Theatre.

The management of Robison park are determined to prevent the sale of liquor near their resort and have closed gate No. 2 to the public, owing to the opening of a road house near the entrance. The gate will be used as a vehicle gate only and no person will be permitted to enter or leave the park at this entrance. The general admission and bicycle entrance will, until further notice, be at gate No. 1, Leo road. This will also be changed should it become necessary.

The free seat feature at the theater will be added the same as last season and accommodations have been made for 600, the same as last season. Several new features are on the program for the coming week at the park, which will be announced in the papers tomorrow.

Don't fail to try the sample of "Golden Rio" package coffee left at your house. 25eodtf

Lasting Perfumes.

A perfume whose odor is rich and sensible to the smell a long time. These are the reliable kind. We buy ours from a manufacturer who has made his reputation by putting up nothing but reliable goods. These cost no more and are much more satisfactory. We've every odor you'd be likely to ask for. They're all delicate, but lasting—five to-be desired qualities in perfumes. English Violets is the latest.
